The blacksmiths are very busy ironing wheelbarrows.

Frank Quenel, of Grande Ronde, was one of our distinguished visitors during the week.

Carl Cook is now working on the garden detail and he is getting to be a good gardener.

We are all glad that school has begun again and we hope to make it a successful year in every way.

We have two more new boys in the printing office. Their names are Frazier Mecum and Corbett Uunderwood.

New pupils are arriving on every train and the prospects are that the school will be somewhat larger than before.

The boys are very anxious to have the baskets put up in the new gymnasium so they can practice basketball.

The sewing room girls are starting on the blue uniform dresses and the girls are anxious to finish at least the McBride Hall girls' dresses before winter.

Mr. Thompsor, of Catalla, Alaska, was in Chemawa during the week and while here took some views and some group pictures of all the children who are here from Catalla.

The Mandolin Club girls will start practicing next week. They should feel much encouraged as they will have a number of new instruments of better grade than they used last year.

Rev. Edward Conner, pastor of the Umatilla Agency Presbyterian church, and Mr. Robinson, elder of the same church, were visitors at the school during the week. Both gentlemen are men of superior qualifications and it was a pleasure to have them as our guests.
