

## LOCALS

What is the matter? We have heard no band concert?

Miss Bender and Miss Violet Berner went to Salem Monday.

Mrs. Brewer commenced on the canned fruit by serving pears at the Sunday supper.

Cyril Morrisette is again with the band and Walter Miller will be soon. Both boys have been in the hospital.

Miss Skipton went to Corvallis to attend the funeral of her cousin and Mrs. Cooper took her place in the dining hall during her absence.

A small band of seven pieces has been organized by one of the pupils and will furnish music for socials, parties and other special occasions.

The social gathering was not held in the gymnasium last Friday evening on account of repair work being done on the building. The assembly rooms of McBride and Mitchell halls, and the auditorium were used instead.

### CUTTING TABLE CLIPPINGS.

On Thursday, Jan. 21, 1909, the detail from the Tailor Shop received permission to visit the state legislation now in session at the Oregon State House in Salem, Oregon.

The party consisted of 17 boys, leaving on the 12:45 P.M. car and arriving in Salem at 1 P.M. The party proceeded directly to the State House, visiting the State Capitol Building and the departments of interest, including the State library and the Oregon State Supreme Court, then to the Senate cham-

ber, and after listing to the house in order and the reading of various senate bills we visited the Assembly, or house of legislature until 3:30, when we left the State House and proceeded to the Electric station when we boarded the 4 P. M. car north bound and after 15 minutes arrived at Chemawa in time for supper, everybody having passed an instructive and pleasant afternoon.—TAILOR SHOP.

### ALBANY HIGH VS. CHEMAWA.

The "Albany Democrat" of last Monday had the following to say concerning our basketball girls' game with Albany High at Albany last Saturday:

The game of basket ball Saturday evening resulted in a victory for the Chemawa girls by a score of 21 to 16. At the end of the first half Albany was ahead 9 to 5, and when the game was three quarters Albany continued to lead by three points. About then the red girls began making baskets and the Albany guards seemed powerless to stop them, as they rolled up four or five in quick succession.

It was an interesting game devoid of roughness, and a very refreshing feature was the fairness of Referee Teabo of Chemawa. Each side had four tries at the baskets.

There was a large attendance of good natured people.

### WHAT MARY DIDN'T HAVE.

Everybody had a little sled  
 With runners white with snow,  
 And everywhere that everybody went  
 The sled was sure to go;  
 It followed them to bed one night,  
 Somewhat against their will—  
 Next day there was no laugh and play  
 Down on the old sidehill.  
 Now everybody has removed  
 His little sled from beneath his bed  
 And everywhere about the grounds you're  
 Sure to see those sleds.
