Perhaps one of the deepest subjects that ever has been debated here in Chemawa between two societies is the one that is going to be debated on the 18th of this month. The question, "Resolved, That the Monroe Doctrine should be continued as a permanent foreign policy of the United States." This is going to be a very interesting debate as well as instructive. The Nonpareils have the affirmative side of the question and are represented by Levi Sortor, Ralph Allen and Calvin Darnell against Fortunato Jayme, Robert Cameron and Thos. McCully. Both sides are confident of victory. Sortor is an old debater, having been on the debating team for about nine years now and with his able colleagues, he predicts to win this debate without a question. The Excelsiors say that they are from "Missouri."—H. J.
