

## LOCALS

We are having April showers now.

Joseph Teabo went to Salem, Monday.

Mr. and Mrs. Smith went to Salem, Friday.

Vernie Cliffe is again working for Mrs. Campbell.

Mr. Herbert Campbell spent a day or two with his parents this week.

Mr. and Mrs. Edward Leno were the guests of Mr. and Mrs. Smith, Sunday.

John Bullard was a visitor from the Oregon Agricultural College last week.

Miss Pellman came up from Portland, Sunday evening, to visit Miss Skipton.

Quite a number of Chemawa people attended the Horse Show in Salem on Saturday.

Mr. and Mrs. Delavan and Mrs. Liphart spent Sunday afternoon visiting Mrs. Mann.

The sociable was very much enjoyed on Friday night. The band is steadily improving.

The Seniors and Juniors are furnishing good Indian stories for the Chemawa American.

Mr. and Mrs. Edward Leno from Grande Ronde were here visiting their children this week.

The wife of Donald P. Campbell of Spokane, Washington, is visiting her husband's relatives at Chemawa.

Mr. Frank Delavan, son of Mrs. Liphart, and his wife and son were here from Portland last week and returned Sunday.

A luncheon in honor of Mrs. Donald

P. Campbell was given by Mrs. Hirsch at the Willamette Hotel in Salem on Saturday.

Mr. Upjohn of the Statesman staff and Miss Lois Byrd, deputy county clerk, were out from Salem one day last week. They were much pleased with everything here.

Mr. Abe Logan arrived here Monday from Siletz with his three sons Jack, John and Abe, and Oscar Brown, Willie Brown and Ruby Metcalf.

Mrs. Campbell gave a reception on Monday evening for her daughter-in-law, Mrs. Donald P. Campbell. A very pleasant evening was enjoyed by all.

Mrs. Nellie Stuart of Underwood, Wash., is here visiting Katie and Corbett Underwood, her brother and sister. Mrs. Stuart takes a great deal of interest in this school.

The gardeners have finished clearing and burning the brush and roots and filling up the holes on the piece of land east of the school building where the stumps were recently taken out. This will be plowed and planted with potatoes.

The grapes, rhubarb, strawberry and blackberry vines and plants have been cultivated by the gardeners and are looking fine. The strawberries are in bloom and the rhubarb is ready for use. The grapes and blackberries are beginning to leave out and bud. The gardeners keep the kitchen well supplied with young onions and spring greens. The last year's potato crop is holding out fine and several hundred bushels will be left over after the seed is taken out and the new potatoes are ready for use. The orchards are all budding in spite of the changeable weather and a good fruit crop is assured this year.
