

## INDUSTRIAL NOTES

BY PUPILS

Robert Cameron is now working in the printing office.

Mr. Beck is now engineer in charge of the power house.

Fred Lewis has entered the engineering department.

Eugene Anderson is chief electrician at the laundry.

The wood haulers are now bringing in the wood supply.

The brick layers have finished boiler No. 3 and are now working on firebox No. 1, which will be made into a coal burner.

The plumbers have lined the sinks in the kitchen, doing an excellent job which was much appreciated by the kitchen force.

The farmers have finished seeding fifty acres of wheat, oats and vetch on the lower farm and are now plowing on the sixty-acre field which will be seeded with oats for hay. The cold, windy weather is drying the ground very fast and it will require more work to get the soil in shape than that on the lower farm. The grain which is now up looks fine in spite of the unfavorable weather.

### SENIOR CLASS NOTES.

Miss Vernie Cliffe is the class mathematician.

Ask S. B. to use the word decapitate in a sentence.

The class observed All Fools Day as optimistic day.

The class poet is now operating a wheelbarrow.

W. M. says the food passes through

all parts of the body in tubs.

Thomas can give the natural classification of the "beaver" to perfection.

Miss Margaret Lowry received the highest percentage in last month's test.

For information as to why the Marathon races are so called consult Miss Dohse.

A good way to get excused for a few moments is to forget to bring your books to school.

Last Friday Levi Sortor and each young lady of the class wore a beautiful head dress of ladyslippers and clover blossoms.

Miss Berner devotes her spare moments in school to the practice of penmanship. She is taking a correspondence course from 779 Minnesota Ave., Portland.

Who said in the agricultural examination that dry leaves were the lightest substance known, that molecules were a mechanical force, that fermenti was a sour substance like intoxicating liquor?

The class is very busy this week making display work for the fair and waste basket, planting onions, carrots, etc., in the garden, planning for a walk, copying arithmetic problems, asking for recess and fire drills, getting excused, writing notes, chewing gum, and eating doughnuts in school, sharpening pencils, making excuses, and coloring Easter eggs.—Class Growler.
