

INDUSTRIAL NOTES

BY PUPILS

Davis Miller is now working at the painter's trade.

Joaquin Meadows is making an iron table for his room.

The repair work on the small girls' home is progressing rapidly.

Levi Sortor was in charge of the farm during Mr. Swartz's absence.

Haynes Dewitt is making a double door for the superintendents' office.

Albert Garry is now working at forge No. 7 in the blacksmithing department.

George Kross was doing some painting on the gymnasium on Tuesday morning.

The painters are putting on the second coat of enamel on the hospital supplies.

Harry Jones has been transferred from the engine room to the plumbing department.

Lee Evans and Davis Miller are painting the sky light windows of the Small girls' home.

Louis Ninepse was watering the bare places on the lawn around the office on Wednesday morning.

Walter Miller and David Graham are now working on the after shift in the engineering department.

The gardeners have set out one thousand loganberry plants and are now working on the strawberries.

The blacksmiths are making the frame work for the cement rollers to be used for leveling and clod mashing.

The industrial class are taking sod from the lawn behind Supt. Chalcraft's cottage and putting it in front of the power-house.

Mr. Burdett and his force of boys are laying sod around the engineering department which is greatly appreciated by the engineers.

William Burk, Ed. McClellen, Edward Evans, James Olney, Albert Garry and Joaquin Meadows are on the morning list of blacksmiths.

The engineers are busy at work on the boilers now. They have completed the work on No. 2. and 3 and are now covering No. 1. and putting in the new front and fire box.

The gardeners have finished setting out 25,000 Jesse Strawberry plants and 1,500 loganberry plants and are now planting the garden. They have a large supply of green onions now and issue them to the dining room every other day.

Mr. Burdett's crew are making a lawn in front of the power house. A bed of sod four feet wide and about a foot and a half high has been placed along the front of the building and rose bushes planted in it. Rose bushes have been set along the walks.

LOCALS

Peter J. Seltice, '07, of Desmet, Idaho, sent a number of Easter greetings to his friends and classmates at Chemawa.

Mr. Smith was out pruning up the wild rose bushes that were transplanted in front of his office some time ago.
