Roderick Murchinson and Francis Kalama are the chief wood burners in the power house.

George Gorbet, who has been working on the garden detail, is now working in the wagon shop.

The boys on the after shift would enjoy it more if the fore shift boys would steam up a little before they go off.

LOCALS

One of our reporters was out on a little extra duty the early part of the week.

Mrs. Donald Campbell left for her home in Spokane on Saturday morning. Mrs. Campbell and Miss Irene accompanied her as far as Portland.

An ice cream social was given last Tuesday evening for the benefit of the school Y. M. C. A. The band furnished good music. Twenty gallons of ice cream were sold by Mrs. Smith and Mr. Fickle. A good and enjoyable time was had by all who were present.

Our band has just received the following new selections: Overture, "Le Claire," by Dalby, Descriptive "Hunting Scenes" by Buccolossi, and "Serenade" by Herbert. Besides these we have ordered "Spring Song" by Mendelssohn, "Melody in F" by Rubinstein, "Chopin's Funeral March" by Chopin, and "Traumerer" by Schumann.

Our last try-out for the training table was held last Tuesday. Quite a number of new men made good. The prospects are still bright for us to win yet, even if Haight, our best man last year, is not with us. Besides Haight we do not have Sanderson, who ran the second relay; John, who ran the third relay; Wilson, who ran the fourth relay, is out on account of a sprained ankle; Watkins, our sixth relay, who came in third in the five-mile run at the Fair Grounds last year; Casey, who ran the eighth relay, and Goudy, our ninth relay, better known as our hill climber. With these six runners out it gives some new men a chance to show what they can do. Enough is said until after the race, but in the try-outs thus far the new men have made better time than those displaced.
