

## Brevities

Mr. Picard, of Umatilla, is here visiting his daughter, Pearl.

The Black Cats and Unions played the only tie game.

Minesinger has canceled every hit he made with an error.

Levi Sortor makes a good umpire for the Rose Avenue League.

Henry Shaw makes a pretty good driver for old Chub and Blondy.

The Tigers is the only team that has two pitchers who have never lost a game.

The Tigers have two kittens, Jake and Darnell(H.), who promise to be real Tigers.

All of the relay runners had their pictures taken last Wednesday over in the gymnasium.

We were all sorry to see Agnes Steele leave us last Saturday. She went to her home in California.

Lloyd Westley and his force of boys are working around Mitchell Hall caring for the rose bushes.

Another new John Van Cooker has arrived at the school to be installed in our culinary department.

Tom Andrews fixed the radiator in Robert Cameron's room. He will now have no water to mop his floor.

On Wednesday Mr. Mann took snap shots of each of the members of the relay team and also one of the group.

There was quite an eruption in John Taylor's room last Sunday morning about the time of the inspection hour.

This is the day that many of our Alaskan boys wear a big smile on their way to the dining room. Can you guess why?

Do you first team baseball boys know that you must get in the game and not up in the air or you will get something else(canned).

Leon Reinkin is proud of his wood shed force. Leon is the right one to see to the delivering of the wood to the different kitchens about the grounds.

Violet Berner was visiting the blacksmith shop last Wednesday with her uncle, Mr. Picard, and while there showed her brother Edward how to swing the sledge.

Misses Hutchinson, Koester, Steponeck and Leader have moved from the Small Girls' Home and are now cosily installed in the residence formerly occupied by Mr. Woods.

The maiden ladies who are rustivating temporarily in South Cottage will have to improve their cooking ability judging from the fumes that filled the air in the neighborhood of their retreat on Wednesday evening.

A reed band is now practicing in Mitchell Hall. Look out for it soon. It means to be heard. It consists of a baritone saxophone, tenor saxophone, alto saxophone, soprano saxophone, bass clarinet, alto clarinet, two Bb clarinets and one Eb clarinet.

Haynes DeWitt is busily at work making a model open air day school for the Alaska-Yukon Exposition. It is made over the working plans as drawn in the Office, reducing the scale. It will be a perfect model of the day schools that the Commissioner is establishing in the Southwest, being the exact model of a government school house put up in California sometime in 1908.
