On account of drilling after supper three evenings out of the week only gives the Rose Avenue League three evenings a week for their games. There are four teams entered and it will take two weeks for each team to play three games and at that rate it will be some time before the league is finished. This will make the league that is to follow, known as the Sun Set league, late about starting. As each team is to play twenty games you will notice that the league is only half over. The following is the standing of the teams.

Name	Won	Lost	P.C.
Tigers	7	3	.700
Tyees	6	3	.667
Black Cats	3	7	.300
Unions	2	7	.222

Unions and Tyees will play tomorrow evening.
