

LOCALS

The band gave an excellent concert in the bandstand Sunday afternoon.

Mrs. R. G. Henderson attended the picnic at Silverton last Saturday.

Mr. Larsen went to Silverton last Saturday to play with the Salem band.

Mr. and Mrs. Mann went to Portland last week and remained there for several days.

Fortunato Jayme has graduated from the Capitol Business College and received a diploma.

Fortunato Jayme is practicing type writing now and expects to finish this study in two months.

Two new cornets, one baritone and a snare drum have just been received for the band from the Wurlitzer Music Co.

The band will be much larger now as they have received several new instruments. The band is out drilling every morning.

Strawberries are very scarce this year on account of the late frosty weather. The school crop is very poor as well as that of the farmers of the surrounding country.

Lastly ear the berries sold for five cents a box and now they are ten cents straight.

Thos. McCully, captain of A Company, expects to win the cup again this year in the competitive drill. Thomas was captain of Co B last year and won the cup.

The track team is not doing much training for the meet with McMinville. The battalion is out drilling every morn-

ing for the Commencement battalion parade.

Harry and Paul Queachpalma were called away Saturday to The Dalles, where their brother is confined in the hospital on account of a severe accident. Mr. Teabo has received word from Paul Queachpalma who stated that his brother was seriously injured.

INDUSTRIAL NOTES

BY PUPILS

Edward McClellan is working on a blacksmith's hammer.

The gardeners are busy weeding, hoeing, and cultivating the gardens.

Several of the hospital boys are making prune boxes in the drier building.

The farm teams have been hauling gravel on the road for the past two weeks.

Mr. Burdette's crew is moving all the old pieces of waste lumber from the small girls' home.

Mr. Westley has fixed the ground very nicely around the laundry for a flower bed.

The building which was once the printing office has been remodeled and will be used for a dwelling house.

The carpenters are busy at the office this week building a new stairway and making the printing office larger.

Lee Evans, Eugene Williams, Thomas Mullings and Sam Wewa kalsomined the interior of Mr. Smith's office and painted all the wood work.

The workers in the wagonshop are now making screens for the different buildings. Two large double screen doors were made for Supt. Chalcraft's cottage and the hospital building.
