

LOCALS

Mr. Burdette has the lawns in good condition.

Has Levi Sortor called that class meeting yet?

Miss Brown has been quite ill for several days.

The Seniors are busy getting ready for commencement.

Mrs. Campbell has choir practice every evening from 7 to 9 o'clock.

Mr. Campbell went to the Chautauqua on Tuesday evening to look after the boys there.

Mr. Herbert Campbell, who was ill and came home to recuperate, has returned to Portland.

Joe Bittles has done fine work in the second grade. His average is 84. We are all interested in Joe's progress.

Mr. Frye and his boys have been house cleaning during the week and dirt is now at a premium in the wagonshop.

The band is very much missed. But we are glad to know that Mr. Larsen's programs at Chautauqua are so much enjoyed.

We are sorry to hear that Mr. Becker of Tacoma, who was engineer here for a number of years, is quite ill. We all hope he will speedily recover.

Keep out of the woods boys and girls. Don't you see that a number of our pupils are suffering from the effects of poison oak?

Miss Noble is already planning for entertaining guests at our Commencement. The Teachers' club is home-like and pleasant since Miss Noble holds the

reins.

Miss Earlougher and Miss Royer are just finishing their final tests. The boys who are attending the Chautauqua will have a special test after they come back to school.

There will be no opera nor cantata this year at Commencement. The work in other departments was so pressing that the academic department could not use the students for the necessary preparation.

Mr. Turney and his mandolin club made an excellent impression in Woodburn. The concert was highly spoken of by the residents of that town. Mr. Campbell and Mrs. Theisz accompanied the club.

The Seniors had better get busy and see about their class pennant, which has not yet been made. The colors, purple and gold, with the motto, "Victory Labor's Crown," will make a very pretty pennant.

The choir finds the commencement music very difficult. The Largo from Xerxes by Handel takes pretty good singing. We will do better when the choir members who are with the band at Chautauqua return.

A visit through the schoolrooms shows that most of them are in excellent condition—are neat and clean and decorated with good taste. This is very helpful to the pupils. A careless, untidy room indicates careless, untidy habits.

Miss Irene Campbell is playing in the State tennis tournament at Portland this week. Miss Hotchkiss, the world's champion, is one of the players. Some of the best players in the country are contending for honors. The tournament is held at the Multnomah Club Tennis Court.
