## Athletic

We are looking ahead to some fast ball games as the season of the Sunset League composed of the Big Zs, Amateurs and Chicago Derbys will be on. The Big Zs won out last year by one game, but as the Amateurs, their old rivals in all Athletic games and their nearest rivals of the league last year, have been strengthened by signing some of the players from the band boys' team, which will be out of it this year because there are not enough players to make a team. The Big Zs have also copped one of the band boys' players. His name is Feabo and no doubt he will strengthen that aggregation considerably.
