

## LOCALS

Miss Leader is away on her vacation.

Mrs. Broom was out from Salem on Monday to visit with her children.

Mr. Larsen had a number of boys busy on the lawns Tuesday morning.

Ed Morrigeau has been busy during the week doing repair work in the shoe-shop.

Miss Evelyn Woods returned a few days ago from her trip to Tillamook County.

Tuesday morning we were favored with the presence of visitors on the grounds.

Miss Steponeck is now at Newport enjoying the scenery and salty ozone of that delightful place.

Mr. Swaboda, our harness maker, and his family departed Sunday for Newport, where they will rusticate for a week or two.

The office was minus electric lights for about 24 hours, but on Monday new connections were made by Mr. Van Tassel and his boys.

Our gardener, Mr. Westley, departed early Tuesday morning for a trip to the Coast where he will spend a part of his annual leave of absence.

The band gave us an enjoyable concert Sunday evening. From the number of people gathered about the bandstand there remains no doubt that the concert was appreciated.

There was a slight frost Monday morning, according to Mr. Westley, our gardener. Such weather performances are almost unheard of in Oregon at this sea-

son of the year, but this certainly is an unusual year everywhere.

Miss White, one of our teachers who is now enjoying her annual vacation, arrived home Monday evening from a visit to the Sound country and the Seattle exposition. She reports having had an enjoyable time while away.

Chemawa has a very heavy students' mail at present on account of so many pupils having gone home who are writing to friends at the school. The postcard traffic is the heaviest. It is nice for those at home to remember their school friends.

It is impossible for anyone who has not been through the small girls' home since it was remodeled and repaired to realize how nice it is there now. The new plaster and oiled floors give the place an elegant appearance from foundation to attic.

Miss Florence Hutchinson has resigned and last Saturday evening took her departure for her home in Seattle. She had been at Chemawa for seven years in capacity of clerk, the last few years being employed in the office as head clerk, and in every way proved herself most efficient. Many friends in Chemawa wish her success in whatever she may undertake in the future.

Mr. H. C. Bowen, who for more than a year and a half was our industrial teacher, made the school a very brief visit last Sunday afternoon with his uncle and aunt, Mr. and Mrs. Crossman. The latter gentleman and his wife are touring the great west and are from Boston, Mass. They like this country very much. Mr. Bowen now has a good position as conductor with the Pullman car Co. and at present is on the run between Portland and Green River, Wyoming.
