

at Chemawa "Jack" dropped into town from Fortuna where he is still employed on the "Fortuna Times."

Annie Sherman came in from Loleta and says that she is enjoying her trip home and will soon return to Chemawa. She hopes that her sister and brother will both return with her.

Grace Beaver came in from Blue Lake and she expects to return to Chemawa in the near future. When Grace left Chemawa she was in the 6th grade and when she got home she entered the 8th grade, demonstrating the thoroughness of the grade work at Chemawa.

Bob Cameron came from Round Valley to play with the band and upon our return remained in Eureka. He has obtained employment as typo on one of the Eureka papers.

Harrison Coonskin who has been around the world since he left Chemawa desires to return and will do so in the near future.

We did not see Lizzie Beaver but we heard good words of her. She is now being employed as assistant seamstress at Hoopa School.

Supt. Mortsoft of Hoopa dropped in to see the boys and spent a very pleasant day with us.

CLIPPINGS FROM THE HUMBOLDT TIMES.

While in this city the Indian boys are not under rigid regulations. Assistant Superintendent Campbell stated yesterday that when the boys arrived here he told them that they were at liberty to do as they pleased, that they had the freedom of the city and all asked was that they conduct themselves in a gentlemanly manner and report at cer-

tain hours which have been set. The officials who are here with the students state that they will not have the least trouble and that each boy will conduct himself in a manner that will do credit to the school.

It is reported that Manager Ricks of the Eureka baseball team has arranged to have members of the Olympic team stay over here during railroad fair week to strengthen his line-up for the Chemawa Indians, who are said to be classyspheric jugglers.

The Chemawa Indian band has proved a pleasant surprise to many local people who expected to hear some mediocre playing by a lot of half civilised aborigines but who are hearing instead some remarkably fine selections by a well conducted band, composed of perfect gentlemen and capable musicians.

Every selection was greeted with applause by the happy crowd of first "nighters."

While not boastful, in fact the Chemawa boys are perfect gentlemen and do not "crab" in the game, which can not be said of the locals.
