

Doctor Lieurance has received notice of his transfer to the Crow Agency, Montana. We are sorry to lose the Doctor, but what is Chemawa's loss is the Crows gain. We do not yet know who will replace the Doctor at Chemawa.

The bath rooms and lavatories of the new gymnasium are now being fitted up. The outside door has been cut in, the shower baths and the toilets are in place. This improvement will give us as good a gymnasium as there is in the northwest.

We are printing this week the article by William E. Curtis, the great newspaper writer. The article in question was published in the Chicago Record-Herald after Mr. Curtis had made a visit to the Pacific Coast, stopping at Chemawa en route.

Eugene Williams, one of the graduating class of 1909, went to his home at Tacoma, Washington, last week, and he writes that he will start on a job of painting at the Northern Pacific Car Shops at Tacoma next Monday morning. Eugene was one the best painters that Chemawa ever turned out.

In a letter from Miss Marie Johnson, Field Matron at Requa, California, we read that Josie Williams is making good; that she has all the sewing that she can do, being patronized by the white women as well as the Indians in that vicinity, and that she is trying to do all that she possibly can for her people.

The American has received "The Totem" which is published by the High School at Juneau Alaska and is said to be the best souvenir of Alaska that can be had. It is a very interesting and creditable edition. It can be had for 25 cents by addressing the editor.

Five of the graduates came over to the school building and said good bye to their teacher and schoolmates last Tuesday. We were all sorry to see them leave Chemawa. They were: Albert Garry, Levi Sortor, Geo. Williams, Eugene Williams and Calvin Darnell. A fine lot of young men. We wish them success.

The deer, which was presented to the school by the City of Eureka, in recognition of the trip of our band boys to the City of the South, has arrived at Chemawa and is now in the Chemawa Deer Park. It is a handsome specimen of its kind, and we have named him Eureka in honor of the banner city of Humboldt County.

Football is next. It is hoped that Chemawa will put out a first class team again this year.

PUPILS ITEMS.

We are glad to have warm clear weather.

Tillie Horne is working in the dining hall now.

Eva Kluche is now working in the sewing room.

Miss Troutman made a flying trip to Salem on Monday.

The new gym. is getting a new coat of white paint this week.

Reginald and Robert Downie returned from vacation on Tuesday from Tacoma, Wash.

The gardeners are now working on the strawberries and have them about finished.

Mr. Westley is done drying prunes and he expects next to store his potatoes in the root house for our winter use.
