

PUPILS' ITEMS

The small boys like to walk on stilts.

The engineers are now burning coal in the first boiler.

We are all glad to see Frank Smith back from Grande Ronde.

The new gymnasium looks very pretty with its two new coats of paint.

There is a piano in the small girls' home so the girls can take music lessons.

John Steele and Frank Souvigner have been added to the engineering detail.

Last Sunday Mr. Wilson came from Salem to visit his sons Roy and Firman Wilson.

Quite a number of the Alaskan boys have commenced in the engineering department.

Walking on stilts and playing marbles is now the chief amusement among our small boys.

Nora Picard entertained many of her friends by playing some beautiful pieces on the piano.

Miss Gear had a surgical operation performed on her right hand last Friday. It was very painful.

The girls have organized a basket ball team for the coming season. Miss White chaperone, Mr. Teabo coach.

Some of the girls held a meeting Tuesday afternoon for the purpose of organizing a basketball team.

Agnes Douglas is working in the laundry and she likes it very well. I expect to work in the laundry next week.

Viola Ferris arrived yesterday from California. Her friends were glad to see her.

Mary Boles is making a very nice dress for herself. She may be seen working on it in all of her spare time.

We were all glad to hear Mr. Kalama talk to us in chapel last Monday night and we all enjoyed him very much.

Maggie Desautel is an expert singer. She entertains the McBride Hall girls every evening with her Indian songs.

Mrs. S. Bullard returned last Saturday from her visit and is back at her work. We are all glad to see her back again.

Eva Seymore and Jessie Tuftie are going to play on the basketball team this year. We hope they will do their best.

Mr. P. Kalama was here on a visit and we were all glad to see him. He was surprised to meet with so many Warm Springs children.

We are glad to have Benjamin Wilcox back in the printing office. He is one of our old apprentices and always does his work commendably.

The farmers are very busy this week plowing the piece of ground next to the car line. Next week they will be at the lower farm, where they will put in two good weeks of plowing.

The societies will be changed this year; they will be like they were some years ago. Girls in one society and boys in another. That is the best way of having them as the pupils never feel so backward in getting up and debating.
