

ball and carried it to within one foot of the goal line. Then Bain carried it over. No goal. Hill kicked off and Souvigner advanced the ball 20 yards. Then another punting duel followed in which Chemawa gained considerable ground. On their own 40 yard line Chemawa gave Walker the ball who made a 30 yard run and then a 40 yard run for a touchdown. Souvigner kicked goal. Score 13 to 3.

Hill kicked off and Clark advanced the ball 20 yards. The ball was then given to Walker who made a 30 yard run. Here Hill held them on their 40 yard line. Hill was penalized 15 yards and then they made a successful onside kick, recovering the ball in the center of the field, when time was called.

Below we give the weight of each man of the two teams and also the line up.

LOCALS

The Senior class is now working in Measurement of Solids.

Herbert Campbell, of the Portland Oregonian, spent Thanksgiving here in Chemawa with his folks.

We were very glad to see Mr. Turney, our former printer, stepped off the train yesterday and spent Thanksgiving with us.

Silas Moon was here yesterday visiting friends. He is now employed on a farm

near St. Louis, Oregon. He said he likes the work and does well.

Word has been received here that Mitchell Anthony died while being taken from Desmet to Montana. We do not know the particulars. Michel was a former pupil of Chemawa.

Father Datin's talk in Chapel on Tuesday afternoon on the subject of Obedience was excellent. If we followed his advice we would have the best school in the country.

After Frank Souvigner's talk in chapel on Friday morning Miss Royer spoke on a similar subject. She told us what the Reclamation service was doing for our country. We were all very much interested.

The members of the Senior Class are giving very good talks in chapel on Friday mornings. On the 12th of November Harry Jones gave a talk on the influence of the Southern Pacific Railroad in California Politics. On the 19th Frank Souvigner, gave a good practical talk on "The Preparation of Soil for farming purposes".

Excelsior.

Last Thursday the Excelsior Club held a lively and interesting meeting in their club room in the school building. The meeting was well attended and an interesting program was rendered by those present. If the members who were conspicuous by their absence would have been present and taken their part with the others, our Club would soon be up to the usual Excelsior standard. The following program was rendered:

Opening Address, Thos. Case; Original Story, Joe Purns; Declamation, Milton Gadowa; Recitation, Oscar Case; Instrumental duett, Micheal and Larsen; Debate, Manuel Swanson vs. Antoine Francis.—Critic's report
