Bunnie, (Robert Service,) is one of our fastest composers here in the printing office. He sets about 7,000 ems per day or 875 ems per hour. He is only 14 years of age and have been in this office for about one year. He began his career here as a "devil," but it did not take him very long to graduate from it. His accomplishment is the result of his faithfulness. He is not like some of those "let-the-other-fellow-do-it" boys. He is very attentive to whatever instruction you may give him and always does it to the letter. He is civil and very friendly. One doesn't have to know him very long to like him. He is really a model of all the boys.
