

LOCALS

We are all glad that examinations are over.

Miss Evelyn Woods went to Brooks, Tuesday, for a brief visit.

Miss Bertha Boyd is the latest addition to our clerical force in the office. She is from Haskell.

The Senior girls had an attack of the "giggles" on Tuesday afternoon. What was it all about?

Violet Bourner arrived at Chemawa last Sunday afternoon and her many friends were glad to see her.

Harry Jones stood highest in the senior quarterly test. Manuel Swanson stood highest in the Junior class.

We had all our grades read out in chapel on last Friday. Our deportment marks were read out, too. Were you "good, bad, or indifferent"?

It is said by some of the girls from the small girls' home, if you look at the keys of their piano they'll go down. They mean it has a very loose action.

Mr. Henry Larsen, brother of "ur" Mr. Larsen, dropped in upon us Wednesday evening for a visit. He had been up about Mill City looking into a land deal.

Tonight our boys are to play Pacific College a game of basketball on the home floor. This is one of the series of games of the Willamette Valley Basketball League.

By an oversight the double-header game of basketball between Silverton and Chemawa, which was pulled off on the home floor, was not reported in the last

issue of the American. Our boys defeated the Silverton lads by the score of 30 to 13, while our girls suffered defeat in the score of 13 to 7.

Harry Stone arrived at the school last Sunday from Garberville, California, and is now a member of our printing force. Harry is a half-brother of John McCush, who was a member of our staff. John at the present time is "holding a case" in the office of a paper in Fortuna, California, and is making good.

On last Friday night our boys faced the strong McMinnville College team on our floor. It was a hot game from start, to finish, but the team work of our boys told, and the first half ended with the score standing 20 to 13. In the second half the McMinnville boys seemed to be more accurate in hitting the basket than our boys, and the game ended with the score standing 34 to 31 in our favor.

INDIANS PATROL FORESTS.

With a field force of two assistants, James Stuart, a Nez Perce Indian, is establishing an effective forestry bureau to manage the Indian timber lands on the Nez Perce reservation in Idaho.

With 32,000 acres scattered over the reservation, the three men are required to patrol the forests, prevent trespassing and guard the forests from fire. The field force is kept busy watching trespassers and a recent patrol has shown that timber thieves prey on the Indian forests.—E.A.
