RELIANCE PARTY.

A very pleasant party was given last evening in the gymnasium by the Reliance Literary Society, in honor of winning the 1910 Debating Championship, and was attended by quiet and well-behaved young ladies and gentlemen. Though there was no program or music to liven up the time, there was no doubt that all enjoyed the evening. After a time spent in social intercourse bounteous refreshments were served. The society and Mr. Fickle are to be congratulated for the successful year's work, and though the society loses its Seniors at the close of this year, may it be crowned with success in future years.

WASHINGTON, May 5.—Bills authorizing the allotment and sale of surplus and unallotted lands in the Warm Spring and Umatilla Indian reservations and appropriating \$115,000 to carry the proposed laws into effect have been introduced.

LIVE ITEMS.

Miss Harold was a Chemawa visitor yesterday.

Mrs. Teabo is very faithful in looking after the deer.

Mr. Chalcraft succeeded in getting some good views of the bear lately.

Mrs. Cooper has picked several messes

of lettuce from the domestic science bed.

Six children of Chas. W. Hodge of the Sound Country arrived at the school yesterday.

Mr. and Mrs. Smith took a flying trip to Portland early this week to attend to some business matters.

Mr. Teabo spent several days this week over in the Grande Ronde country looking after his business interests.

Alex Cajeti is now able to be up and around without crutches. He played the clarinet part in the band on Sunday.

The Excelsior young man who wore his corduroy trousers and work shirt to the Reliance party has directed criticism to himself, but has not hurt the societies.

The Y. W. C. A. had a very pleasant social in the gymnasium on Wednesday evening. Ice cream and cake were served, the proceeds going to pay for their organ.

The busy sewing-room girls are now making curtains for Brewer Hall and finishing the seersuckers dresses. Last week they finished their percales for commencement.

The carpenters made some improvements in the flour room of the bakery this week. It was partitioned so that now the flour is in one room and the pantry in another.

We are glad to know that Fred Lewis, class of '09, now attending Salem High, did so well in the inter-class field meet held at that institution in Salem on Friday. He made twelve points, getting second individual honors, and might have done better had they had the pole vault, high jump and broad jump, as he would surely take places in each of these events.
