

## PUPTICS' TCEMS

Alex Davis was a Salem visitor yesterday.

The gardeners delivered cabbage to the kitchen today.

The engineers gave the first boiler a good cleaning this week.

Mr. Wellfelt painted the south side of Mr. Henderson's store today.

The farmers are still busy cultivating and clod-mashing the field corn.

The plumbers repaired a pipe at the Frye residence yesterday morning.

The orderly bell in front of the office was repaired yesterday by Mr. Meier.

The muskets used by Companies B and C were returned to the gun room today.

Mr. Saunders made more improvements on the brick work of the bear pit yesterday.

Mr. Smith, with the help of a few boys, gave the north outside of Brewer Hall a good scrubbing yesterday.

The small boys have taken to pole-vaulting and high jumping and have put up standards near their building.

A number of boys left with lunch this morning for the berry ranch of Mrs. Jones, about three miles distant, where they will pick all day.

The second baseball team held a meeting last evening in the Mitchell Hall sitting room. It was a meeting held to get more knowledge of the game, and in order to get more knowledge of the game, the advisor must be an experienced one, Mr. Teabo is that and he certainly gave

the boys of that team a splendid talk, explaining the different plays, telling them about keeping cool, and all such points pertaining to the bettering of the inexperienced.

## LOCALS

Martin Sampson is now employed by Mr. Watt Shipp, of Salem, in his bicycle shop.

A new arch has been put up this week over the sidewalk about half-way between the main entrance and Brewer Hall.

Supt. Chalcraft had business which took him to Forest Grove yesterday. He was accompanied by his daughter, Miss Alice.

The band boys and members of the first base ball team have been picking berries during the past few days for parties near Brooks.

From what we hear it is the intention of the boys who are camping in the timber just east of the hospital to start a "Zoo." They have a few mice and lizards and a sick owl to start with.

We are glad to note the following write-up in one of the California papers about our Silas Moon: "Moon, Fortuna's star first sacker, was benched yesterday while a number of poorer players were figured in the batting order. It is said that Moon quit Fortuna last evening. Here is a chance for some team to pick up a first class first baseman or outfielder."

A very enjoyable evening was spent at The Cottage, Wednesday, when Mrs. Chalcraft gave a linen shower for Miss Evelyn Woods. Though strictly a ladies' affair, mirth reigned supreme. Miss Woods is soon to become the bride of Mr. Frank Rhodes of Tillamook, and the many beautiful presents she received at the shower but slightly express the love and good wishes of her friends who shall miss her when she leaves Chemawa, where she has spent many happy years with her parents at the school.
