

LOCALS

Alex Melevido and Simeon Fratis are becoming experts at making screens.

Miss Katie Brewer arrived at the school from her home in Tacoma, Wash., on Thursday.

The swill wagon is now in use again after being in the blacksmith shop for a few days for repairs.

Mr. Gillett planted a few sets of tomatoes, cabbage, pickle peppers and egg plant in his garden on Wednesday.

Let no one forget that tomorrow we are to have a field meet at Chemawa. Our boys are going to cross lances with Pacific University.

On Wednesday Mr. Smith and his orderly spaded the ground around the wildrose bushes on the north side of Brewer Hall.

Russell Adams and Herbert Hodge have been very busy making boxes and covers for the Engineers, for covers for valves around the grounds.

The carpenters are busy making new steps and fixing up the back entrance to the kitchen; also repairing the fences around the school yard, etc.

The fence builders have constructed a fence and gate on the edge of the race track, and now the garbage can be dumped below the hill without fear of blowing back on the race track again.

If anybody thinks Petroleum Barrett is not a long distance runner they should have seen him in action on Wednesday, his fifteenth birthday. Nearly all of the Brewer Hall boys were after him and he was showing bursts of speed that were simply marvelous, while his endurance was on the marathon order. All of this without training, to!

While high-jumping last Friday Joseph La Chance met with a serious accident. Joseph takes an active part in the field meet with Pacific University and we all wish him a speedy recovery.

Yesterday afternoon, after we had gone to press, a game of baseball was to be played on our grounds by teams from Willamette University and Chemawa. The story of the game will appear in the next issue.

Mr. Cooper, who has charge of the fence builders, has already enclosed "Old Chemawa" and from the Oregon Electric car line in front of the school apple orchard and is now busy on the fence that leads to the lake.

This morning we shall have with us in chapel Comrades J. P. Robertson, A. A. W. Drager and Wm. Robinson, of Sedgwick Post, G. A. R. of Salem. These gentlemen were veterans of the Civil War and desire to assist in preparation for the observance of Memorial Day.

On last Friday the citizens of the State of "Wilkinsonville" assembled in the State sitting room for the purpose of electing the following officers: David Billings, governor; Willie Ready, president of the legislature; Roy VanPelt, secretary of state; Harry Busby, chief justice; August LaRose, clerk of the legislature; Chas. Dick, clerk of the court.

We have been pleased to have as guest of the school during the week Pablo Castillo of the United States Navy. He is at present attached to the U. S. S. St. Louis, at Bremerton, Wash. Being granted a leave of absence he came directly to the school, where he had made his home for so long during his student days. We are told that in the not distant future the St. Louis will sail for the Orient, taking Pablo with her. We are pleased to call Pablo "our boy" and we are proud of his success—his rapid rise in the navy. He is now, after but a few month's service, a petty officer. Good luck to Pablo in whatever clime his ship may sail!
