Wallace T. Riches, N. G.

W. F. Wright, Eljah Baker, I. E. Putnam and J. M. Watson drove to St. Paul last Friday where they inspected the oil drilling operations being made in that vicinity. It is felt that these efforts will be made to form a local company at Turner to drill for oil west of town on land that shows strong oil surface indications. That oil can be found here has always been the firm belief of many.

RED-TOP 30 x 3 1/2
Extra Ply of Fabric—Heavy Tread
Price \$17.85

FOR poor roads, for heavy loads, for hard use anywhere the Fisk Red-Top cannot be equaled for small cars. An extra ply of fabric and a heavy tread of extra tough red rubber make a strong tire built to meet exacting conditions.

Time after time one Red-Top has outworn three ordinary tires. Its distinctive looks indicate your selection of a high-grade tire while its extra mileage more than justifies your choice.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

You Are Choosing Today
between spending a little for paint now or spending heavily for repairs later

YOU can't escape the choice. Either your buildings are well protected by paint or they are rotting and will require repairing or rebuilding within a few years.

Check the costs. Find out how much more it will cost to repair or rebuild your property than it will to protect it with paint. Rotting buildings are a waste and an extravagance.

When you paint use the best paint. It costs less in the long run. It spreads more easily—saves labor cost. It covers more surface per gallon than "cheap" paint.

But most important, the best paint serves you five or more years longer than "cheap" paint.

We have been making the best paints for 73 years. They are scientific in formula and preparation. They meet the weather conditions in the West.

They contain the finest materials—PIONEER WHITE LEAD, pure linseed oil, pure zinc, and pure color—combined scientifically in exact proportions with long-time skill.

Horse Is Fond Of Motorcars

Chewing of Detective's Car Wins New Summons for Licenseless Peddler.

New York.—Were all the horses in New York endowed with the genius that characterizes Nero, who works for Maurice Kelly, peddler, there would be fewer motorcars about.

Detective Walter J. Coffey is attached to the Oak Street station. Because he lives in Flatbush he employs a flyover to ride to duty.

The other night he parked the flyover in front of the Oak Street station house. Right here is where Nero, peddler's horse, comes in. He was parked a few minutes later directly back of the flyover.

Endowed with the identical passion that prompted his namesake to bury Rome, and propelled, perhaps, by a

Commenced to Tear the Leather Out of Nero's car when he was summoned to the station to testify against the machines that have all but put him and his likes out of business. Nero commenced to tear the leather out of Officer Coffey's car with his teeth and to scatter upholstery amid the snowflakes.

This process continued until Nero was spied from the window by Officer Coffey. What Officer Coffey said to Nero is not recorded. Neither is any mention made of the speech which Officer Coffey made to Peddler Kelly when he arrived five minutes later.

In the course of this harangue, however, it became a matter of suspicion to the detective that Kelly, who lives at No. 918 Jefferson avenue, Brooklyn, was plying his trade without a license.

Here, indeed, was heart balm! Officer Coffey handed Peddler Kelly a summons. And as the two men mounted their respective vehicles, preparatory to altered parking arrangements, a third dissertation delighted the ears of the bystanders.

This one was addressed by Peddler Kelly to his horse.

STEALS TO GET INTO JAIL

Twice Refused Lodging, Man Takes Pencils and Asks Arrest in Goshen, N. Y.

Goshen, N. Y.—J. H. Guy, a prisoner in the Orange county jail, stole two pencils, according to the authorities, to get into custody after he had been refused lodging at two jails. Guy was out of work and needed food and rest.

Guy asked Policeman David Clark for a night's lodging in the Goshen jail. Refused, he went to the Orange county jail, only to be turned down again. The authorities allege he left, saying he would force them to care for him, went to Conklin's coal office, forced an entrance, and violated the law technically by taking only two pencils.

Then, seeking a policeman, Guy said he had broken the law, and demanded he be arrested. He was held for the grand jury.

Guy is the most contented prisoner. Sheriff W. M. Leonard has in his calaboose.

Automobile Mirror as a New Flirtation Aid

Los Angeles, Cal.—Now comes the rear sight automobile mirror as the latest vehicle for flirtation. Mrs. Hattie Webb of Los Angeles introduced the mirrors in her testimony when she sought a divorce, alleging that Mrs. Babe Eberle always sat in the back seat of her husband's automobile and flirted with Mr. Webb. The husband did not contest the case and Mrs. Webb was granted a divorce and the custody of the two children.

Corn Shredder Severs Man's Hands.

Leavittown, Pa.—Coel Richardson lost both hands when he attempted to free one hand that had been caught in a corn shredder which he was operating on his father's farm. Richardson was wearing gloves, and these held his hands after they had been caught in the cogs.

Pardner Killed

Ed Farris returned home Monday from a logging camp located eight miles from Idaville where he was employed as faller. Last Friday while he and his pardner completed the felling of a large tree from a spring board, the tree in falling uphill, swung round and raged down the steep hill catching his pardner and carrying him a distance of over 400 feet. When found the man was dead. He was 30 years of age and his parents resided at Eugene.

Fire Does Damage

About eleven o'clock Sunday morning, fire broke out on the roof of the M. B. Thomas dwelling, burning about ten feet of the roof before the blaze could be extinguished. Mr. and Mrs. Thomas wish to thank the hearty response of their neighbors and Turner people for responding so promptly to the call of fire, otherwise the home would have been destroyed. The fire department did good work. The bride and groom, Mr. and Mrs. Ben Sheets, had been asked to dinner but met a big surprise on arriving to find what had taken place. The fire damage was appraised at \$30 which was promptly adjusted by R. D. Gray, agent for the Pacific States Insurance Co. of Portland.

Entertains Girlhood Friends

Mrs. J. E. Whitehead, Jr. was a pleasing hostess on Tuesday, June 13, at her attractive home on Summit Hill, to several of her girlhood friends. A bountiful dinner was served at noon and the afternoon was pleasantly spent with conversation and music. Those enjoying Mrs. Whitehead's hospitality were: Mrs. S. Tunnell and daughter Doris, of Winona, Idaho; Mrs. G. R. Gwosd of Raymond, Wash.; Mrs. L. D. Roberts and daughter Barbara, and Lucille Riches of Turner.

5400 Fords Are Turned Out Daily

The Wall Street Journal rounds up a new Ford story that is good enough to pass along. It runs like this: A fellow dreamed that Henry was dead. The pallbearers were carrying the casket when suddenly its lid flew open. Ford had come to life. He sat up, ran his eye over the six pallbearers and instantly ordered: "Here, put this casket on wheels and lay off five men."

To appreciate this joke about Ford's speeding up production, keep in mind that he has orders for nearly 200,000 cars, trucks and tractors for June delivery. His June production schedule calls for 5400 cars a day, or nearly 11 a minute, which seems about the last word in speed.

Killed Sleeping On Track

Kenneth Doerfler, 29 years old, who was employed as track walker for the Southern Pacific between Marion and Turner, was struck by No. 16 while sitting on the track asleep last Saturday morning. He was taken to Salem for medical attention and died there Saturday afternoon. His skull was crushed, both legs broken and otherwise badly bruised. Funeral and interment was held at Marion Monday. He leaves a wife and a two year old son, a father, two brothers and a sister.

MADE THE WOMEN LAUGH

The following parody is reported to have "brought down the house" at the spring luncheon of New York City's Woman's Forum. Probably about ten-tenths of them are "dry":

"Thirsty days hath September, April, June and November; All the rest are thirsty, too, Unless you make your own home-brew."

Notice

A meeting of the Turner Tax Reduction Club is called for Monday evening, June 10th, at 7:30 p. m., for the purpose of electing two delegates to the county convention to be held at Salem on June 24, 1922. All members requested to be present.
