

TO THE PEOPLE OF TURNER and Surrounding Communities

We wish to announce that we are now assembling the largest stock of new goods for spring that we have ever shown at this place. These goods will be on sale at Special Prices under the direct supervision of A. P. Speer and in this connection we will state that at the beginning of this new year it is our policy to pay to the treasurer of the Church of Christ at Turner, Oregon, one cent out of every dollar worth of goods sold through our store at Turner, either for cash, trade or credit.

Personally, we believe that it is the duty of every citizen to support the advancement of the cause of Christ in every community, and just as you are willing to support us in our efforts just in that same proportion will we help support the best influences in your community. This is our means of sharing with you the responsibility of your community and we do not wish to be arbitrary in this matter, consequently if it is your preference or desire that this percentage of sales go to some other church, you may in your particular case designate to what church organization you wish the percentage on your purchases paid and we will gladly turn that amount over to the particular church you desire the money paid to.

We have worked for a number of months shaping and preparing our business for this purpose, and we assure you that our prices will be as low as it is possible for us to make them. We read the ads of the chain stores in Salem, which are only a few miles away, and we will endeavor in the management of this business to furnish you our merchandise at prices equally as low as you can get in Salem in every case that we possibly can and we are pleased to state that during the coming year we will be in a better position to serve you than we have ever been before.

Our store is now very economically operated and we are no longer burdened with long time credits, and it will be our policy to meet any prices that the big chain stores may name. Their ads will be our ads. Read them carefully and bring them to our store and we will give you exactly the same prices on merchandise of equal quality and quantity during the life of their ads.

Bear in mind, we will not ask you to pay us more for our goods than you would have to pay in Salem, and on this basis we earnestly solicit a share of your patronage.

Furthermore, it will be our policy during this year beginning with the first of February to pay to each and every person who may have a produce or cash credit balance on our books at the end of each month one-half of one per cent interest for the use of that credit and in addition to this we will pay one-half of one per cent per month on these credit balances into the treasury of the particular church you may wish it paid, but in no instance will we pay more than one-half of one per cent to any individual the other one-half of one per cent must go to some church organization.

We make no apologies for writing this ad. We hope, however, that no one will misconstrue its purpose or attempt to be mean in any way. We say frankly that we can always use money in our business and we are willing to pay you for the use of it and we sincerely believe that by dedicating our efforts to this purpose we will be amply blessed so that we can well afford to do that which we promise to do. We solicit your business on equal basis with other business concerns. We ask for any additional support that you may give us solely on what we are and hope to be.

A. P. SPEER & CO. TURNER, OREGON.
