Kinard (right), president of the Bell Telephone Company of Pennsylvania and Associated Companies, are shown standing on the exact spot where Alexander Graham Bell first talked over his invention at the Centennial Exposition 50 years ago. In the background can be seen Memorial Hall, relic of the Centennial, and which is now being used as a museum. It was on this spot that Don Pedro, then Emperor of Brazil, met the 23-year-old inventor and exclaimed, "My God, it talks!" when he heard Bell's voice come over the wire. PUPILS MAKE GOOD IN RECITAL

The recital given by the pupils of Mrs. C. V. Clodfelter at the school auditorium at Turner Saturday night was one of the best musical entertainments that have been given in the high school. With the exception of perhaps three or four from Jefferson the entire class of some 20 pupils were from Turner. The program consisted principally of violin music opening with the Star Spangled Banner by an orchestra of twelve violins. Organ Stout, Rollie and Gungadine Bidgood, Melvin Clodfelter and Virginia McKee featured in violin solos. They are among the more advanced of the class and played some difficult selections. Melvin Clodfelter of Jefferson did some fine work with the bow in his solo "Tyroler Heimatles-Klange" a composition by Hafka. The solos were all good and demonstrated some fine training. Organ Stout gave a cornet solo "Prismatic Polka" by Rollinson. Every number on the program was encored. The program closed by a number by the entire orchestra led by Mrs. Clodfelter.
