Henhouse "Warming"

John Walker of Gray Mills, Maine, has just completed a commodious new henhouse. It is such a nice henhouse, in fact, that Mr. Walker decided it is fit for social affairs—until the hens move in—and so as a sort of dedicatory function he entertained at whist in the building. Candles provided the illumination, pine boughs were used as decorations and there were five tables at play.

FARMER WOMAN IN OKLAHOMA

Praises Lydia E. Pinkham's Vegetable Compound Because It Gave Her Health and Strength

In a sunny pasture in Oklahoma, a herd of sleek cows was grazing. They made a pretty picture. But the thin woman in the blue checked apron sighed as she looked at them. She was tired of cows, tired of her tedious work in the dairy. She was tired of cooking for a household of boarders, besides caring for her own family. The burdens of life seemed too heavy for her falling health. She had lost confidence in herself.

One day she began taking Lydia E. Pinkham's Vegetable Compound and her general health began to improve. She took it faithfully. Now she can do her work without any trouble, sleeps well and is no longer blue and timid. This woman, Mrs. Cora Short, R. R. 9, Box 287, Oklahoma City, Okla., writes: "Everybody now says: 'Mrs. Short, what are you doing?' 'I weigh 135 and my weight—' 'I took it was 115. I have taken seven bottles of the Vegetable Compound.' Other women who have to work hard and keep things going may find the road to better health as Mrs. Short did, through the faithful use of Lydia E. Pinkham's Vegetable Compound. Ask your neighbor.

Has Society No Place for Repentant Sinners?

An inmate of a prison at Alcatraz, Calif., writes to us as follows: "There is no one to whom I can speak and none would understand if I did. I am soon to be released from Alcatraz prison and I have nothing to look forward to. What have I to live for? Those who pretend friendship are cold. My faults are all they see. There is no one to say 'I will help.' It is hard. Yet I am used to it. I am now thirty-three years of age. Twelve years have I spent behind bars. What have I learned? The answer is, nothing. I have degraded myself so low through the association with other inmates that it seems hopeless to be a success in the future. But regardless of what others may think or say I will endure until my aim in life is accomplished and I clear myself of this black stigma that rests upon me. It is true I have done wrong in the past, but I have paid dearly, as only those who know confinement understand."—Pathfinder Magazine.

Female Bird Chooses Mate at Nesting Time

Prevalence of monogamy among Hungarian partridges and polygamy among Chinese pheasants "as been demonstrated on the state game farms, says the Portland Oregonian. Interesting! Yes, but read on: Bernard Shaw's theory that the female is the aggressor in mating arrangements has been demonstrated. "It is interesting to note," says the game farms section of State Game Warden Averill's report, "that at least a part of the Hungarian partridges have selected the same mates they had last year and that this selection was made in each instance by the female birds."

"Shut Your Eyes and Look"

Dr. Alexander Cairns, contributing to the editorial page of the San Francisco Examiner, is moved to rhapsody on the subject of education. With great eloquence he declaims: "No Roman triumph staged by American Caesars returning from foreign conquests ever thrilled with such passionate significance as that endless procession of American youth marching away to the seats of higher learning." He adds: "Just shut your eyes and look at them." He follows his own advice and declares: "Note the epaulettes and culture and the music of synthesized talents, and the proud and stately bearing of innate ambition." That is exactly what one might expect a man with his eyes shut to see.—The Argonaut.

The Good Time Coming

President John H. Moss was responding to a toast in his honor at a Kiwanis banquet in Milwaukee: "The condition of Russia under Bolshevism," he went on, "was curiously hit off by an I. W. W. orator, who shouted from his soap box one day: 'Yes, gentlemen, there's a good time coming' when every man'll do what he likes, and if he don't, he'll be made to, by crinns!"—Minneapolis Tribune.

Quarantined!

Milions of cockroaches already exterminated! Beware! THERE'S PANIC in Bugville! Cockroaches are dying by the thousands! Use Peterman's Roach Food in your house. Exterminate every roach. Don't fight roaches with a spray. You must have a powder, Peterman's is the right powder. It entices roaches from their hiding places. They carry it back on their legs and bodies to their nests behind baseboards, under floors where no spray could possibly reach. Every adult roach, the young, every egg in the entire colony is exterminated. No odor. Nothing is left but a little dry dust. Use Peterman's.

Peterman's Roach Food now. Keep them out. Don't let them get a start. Here is the right insecticide for each insect! PETERMAN'S ROACH FOOD exterminates that cockroach army. PETERMAN'S ANT FOOD exterminates ants. FLYSAN kills flies and mosquitoes. PETERMAN'S DISCOVERY exterminates bedbugs. PETERMAN'S MOTH FOOD protects against moths. You must have a specific insecticide for each insect. No single insecticide will exterminate them all. We have had nearly 50 years' experience. We know that is true.
