Mr. C. F. Rudlich, the successful expert says: The 'Perfect Retention Shields' hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by rupture promptly disappear.

Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones. Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained. No elastic belts nor filthy joggings are used.

I guarantee the durability of my absolutely sweat and moisture proof, sanitary appliances. 75% of ruptured children recover completely through expert mechanical treatment according to statistics. Do not waste your money on widely advertised mail order contraptions. You cannot fit yourself.
