

A successful student body meeting of the Students of Master Methods was held in the Christian church at Jefferson last Thursday evening. A large number of the students of Linn, Lane and Marion counties, their parents and the teachers from Portland were present. Those present from Portland were: Mr. Forbish, the head supervisor of the school, and his secretary, Mrs. Warren, the registrar; Mr. Sherman, the business manager; Mr. Glover, Mr. Cleveland and also Mr. Williams of Lebanon, who is the field supervisor for the three counties.

Short addresses were given by the different towns represented at the meeting. Numbers by the Fowler orchestra, which consists of Louis, Ken-teachers and musical numbers and a reading were given by students from neth, Marjorie and Harold, were Turner's contribution to the program.

Harold Goin of Jefferson was elected president of the Master Methods student body and Miss Ardyth Shelton of Scio, the secretary.

The next student body meeting will be held at Albany on the third of December, at which time Charles F. Walker, the president of this school, will try to be secured to give an address.

The students of Linn county are challenging the students of the other two counties to see which one can secure the most new students before the date of the next meeting, December third.

When talking-picture studio employees enthuse over a "home production," it must be good.

It is practically impossible to enjoy one's own handiwork in the picture business, a feeling akin to that of a cook who eats his own concoctions from force of habit, but enjoys the culinary art of others.

When Amos 'n' Andy came to the RKO Radio Pictures studio to make "Check and Double Check," their first talking picture, coming to the Elsinore theatre, everyone was agog with curiosity.

Would the blackface kings of entertainment "click" as motion picture stars?

Would their brilliant radio personalities faithfully transfer to the screen?

Were they actors?

When the first day's work was shown the projection room was jammed. Everyone who could possibly think of an excuse for being on hand was there.

Never before in studio history has the condition continued throughout an entire production. Those who worked with Amos 'n' Andy all day on the set, the recorders, cameramen, script clerks, crowded into the projection room each night. They followed the course of the picture with the same avidity they tuned in for the radio broadcast each night. It was finally necessary to station a uniformed watchman at the door to handle the crowds.

And Amos 'n' Andy "clicked" as no one had "clicked" before!

Their radio personalities are as evident on the talking screen as they are on the air. The screen enhanced their charm. The great experiment was a success!

Some time last Friday night the postoffice at Mill City and Stayton were broken into but nothing of value were taken as both stamps and money at the Stayton office had been hidden away, and aside from a broken window and papers scattered over the floor the damage was light.

At Mill City two holes were drilled into the safe door but evidently the thieves were scared away before they had finished their work.

The Stayton office has had two visits from prowlers in the past year and both times entrance has been gained by breaking the glass in a rear window.

This week the local football team journeys to Brownsville to play that school in the first athletic contest the two schools have ever engaged in. The Brownsville team is reported to be heavy, outweighing the local ten pounds to a man and Aumsville will undoubtedly have a hard tussle to hold its own. Coach Empey has been pointing his men toward this game for the past two weeks. Last week most of the time was spent in working up a strong offense in passing. That it will be fairly successful was shown in last week's game when seven out of eight passes were completed, two of which went for touchdowns. One or two new plays have been given out this week to add to the offense while two nights have been spent drilling the team against the shift which the Brownsville team employs. Although the coach concedes little hope of victory yet he feels that his team will give Brownsville one of the toughest games of the season. One thing that is giving the coach considerable worry is the fact that two of his backfield men were injured in the Silverton game and may not be able to start in the Brownsville tussle. Lee, captain and stellar ground gainer around the ends and key man in most of the trick plays, is laid up by a bad knee, while Hankel, quarter, who has been playing great ball all season, has not been able to be out for practice because of a sprained ankle. Hankel does all the passing and his absence would be sorely felt. However, the team will go on the field determined to make a good showing and will. The team is being transported there on one of the school busses. Several of the students are going along to support the team.

Aumsville continued its winning streak on the gridiron last week by defeating the Silverton Reserves 12-0 in a slow game. The field was soggy from the recent rains and rain set in again during the last half, making the footing bad so that both teams

had to resort to straight line bucks to gain any yardage. Aumsville scored its first touchdown in the second quarter when a long pass from Hankel to Johnson was completed on the Silverton ten-yard line, from which Johnson tried for point failed when an Aumsville end was offside after Hankel had bucked the ball across. Score at half time stood 6-0 for the locals.

Aumsville scored its second touchdown at the beginning of the second half when Getchell, snagging a pass on Silverton's 40-yard line, got away for a clear run to the goal line. The attempted kick for goal went wide. Silverton made its best bid for a touchdown in the last quarter when the ball was carried to the Aumsville 15-yard line, but there the line tightened and Silverton lost the ball, Aumsville kicked out of danger. The game ended with the ball in Silverton's territory in the middle of the field.
