For the
CHRISTMAS CARVER

EFFICIENCY beyond compare—
The only kind that matters—
Attains perfection in the man
Who carves... and never spatters.

The test of rare ability
And skill that's mos. appealing
Is this: To cut the turkey and
Get none on walls or ceiling.

Do you want a 6 or 7-room house to fit your needs? This can be done for approximately \$1000.00. This company built a home for Mrs. L. J. Rowley and son, Paul, for that sum. With J. S. McKinney as head carpenter and Cecil Martin working under him, we built this home in 18 days. One other man helped a small part of the time. If you are interested in a small home of this class it would pay you to inspect this house.
