Let Your Food

Pay For Your Refrigeration

IT'S TRUE... your Electric Refrigerator can pay for itself in the space of a year or two. There's so much less food waste you see... But the mechanically perfect, permanent and ever-silent Electric Refrigerator is not only a necessity from a convenience and economy standpoint... it is an essential health requirement for every modern thinking family. For food, to be absolutely safe from mold and bacteria, must be kept in a temperature constantly below 50 degrees. Go in now and see the beautiful models in Electric Refrigerators. Let the dealer help you choose the one you want.

MILK stays sweet and pure so much longer in the steady electric cold. MEATS keep fresh and wholesome for days on and in the scientific dry cold of the Electric Refrigerator. FRUITS and VEGETABLES need be purchased only once or twice a week... their health giving qualities are protected and preserved by the Electric Refrigerator.
