primitive life

DEMANDS COMPLETE
ELECTRIC SERVICE

Take the whites of eleven eggs...

To a mere man, that sounds like the rankest extravagance. The lady of the house knows, however, that it is only the beginning of a recipe for something her whole family will enjoy.

Whatever it is, if it's done with an electric range, she knows it will come out exactly as planned, because the electric range gives even, constant heat... it can be regulated to the finest degree of temperature desired... and it is doubly satisfactory because of its economy in operation at our low rates.

See your dealer's stock of electric ranges at once—there is a style and size for every family.
