UNCLE SAM WILL KEEP HIS PROMISE

It Will Be Likewise in Malheur County When Secretary Ballin Renders His Decision.

The government has declined to permit private capital to build the Grand Junction, Colorado, high line ditch, according to a circular of Secretary of the Interior, which Uncle Sam will proceed with the work at a reasonable rate of financing under the reclamation act.

The general work on the Grand Junction project, which had been suspended, will be resumed at the same time.

The above decision by Secretary Ballin dispels all doubts regarding the Malheur project, and shows that Uncle Sam will keep faith with the people after making a promise and that the Colorado decision conclusively shows that the government will also construct the Malheur Irrigation Project.
