**LEADERS OF JAP
STRIKE ARE HELD**

RIOT CHARGE AGAINST 12, MURDER FOR THREE.

ABUNDANT EVIDENCE FOUND

Strikers Had Planned Campaign of Intimidation and Violence to Control Sugar Industry.

Honolulu, June 15.—Fifteen of the Japanese strike leaders arrested upon indictments returned by the grand jury were given a preliminary hearing. District Judge W. L. Whitney held 12 of them for trial on charges of conspiring to riot and three for conspiracy to murder.

The authorities declare the evidence adduced before the grand jury and the papers seized Friday, when the offices of the Jiji, a Japanese newspaper, and those of the Japanese Higher Wage Association were raided, furnish abundant grounds for believing the strikers intended from the beginning to resort to intimidation and violence in their effort to control the sugar industry and eventually the internal affairs of the territory.

Strong efforts are being made by the strikers to get the Japanese government to make an international incident of the forcible entry into the office of the Japanese newspaper and the seizure of papers by the sheriff. Leaders in the strike have appealed to Ambassador Takahira at Washington by cable and demanded an immediate investigation of the alleged violation of the treaty right.

Senichi Uyeno, the Japanese consul-general, has advised his countrymen against the men who led the strike movement from the beginning of the agitation. He expresses approval of their arrest and prosecution.

TO HUNT DOWN MUTINEERS

Examples to the Staff of Men of Constabulary Who Seized Post.

Manila, June 15.—Brigadier-General Bandholtz, chief of the Philippine Constabulary, who is at present on a tour of inspection in the island of Jolo, will at once proceed to Davao, Mindano Island, the scene of the mutiny of the second company of Constabulary on June 6. The insular government is determined to make an example of the mutinous men who fled to the mountain with their rifles and equipments, and the pursuit will be pressed with the utmost vigor until the last one of the mutineers has been captured.

Market Their Own Grain.

Lewiston, Idaho, June 15.—Farmers of the Inland Empire are rapidly freeing themselves from the grain companies and subsidiary organizations which have brought immense wealth to many concerns. The work is being effected through the agencies of the Farmers' Educational and Co-operative Union, an organization introduced about two years ago, and which now enjoys a membership of approximately 20,000 farmers in the Inland Empire.

Walks Four Days on Broken Leg.

Portland, Or., June 14.—His leg broken four days ago, Wm. Young, 47 years old, denuded by the excessive use of intoxicants in the interim, was not conscious of his injury until Sunday afternoon, when he fell to the street, the fractured limb finally falling to withstand the weight of its liquor-laden possessor.

CASH STOLEN BY EMPLOYE

Los Angeles Robbery Reveals Serious Defects in System.

Los Angeles, June 14.—Theft by postoffice employees and not an error in routing was responsible for the loss of registered packages containing \$30,000 in currency mailed by the First National Bank of Los Angeles to the Bank of Bixbee, Ariz., last week. To a sudden uproar in the postoffice following the discovery is attributed the failure to apprehend the thief, who made away with two packages containing \$15,000. This alarm is believed to be responsible for the recovery of the other two packages, which were found in the registry division of the main postoffice.

Terrific Boiler Explosion.

Denver, June 15.—Four known to be dead, as many missing, three perhaps fatally hurt and six more or less seriously injured, with property loss estimated between \$250,000 and \$500,000, is the story of a boiler explosion that wrecked the principal power plant of the Denver Gas & Electric Company at 6 o'clock this evening.

CHINESE COOLIES FOUND

Smuggled Silk and Cigars Also Discovered in Liner Minnesota. Seattle, June 14.—Immigration officials, after picking up on the wharf a stray Chinese, who admitted he came over as a stowaway on the Great Northern liner Minnesota, searched the vessel and discovered nine more smuggled coolies and a quantity of silk and cigars.

Inspector Keagey, who is a heavy man, stepped into the sail locker of the steamer and fell 20 feet through a hole in the floor, alighting squarely on top of nine naked Chinamen. Further investigation brought to light several leather sacks, resembling government mail pouches filled with raw silk and a number of boxes of Manila cigars. The bags of silk are supposed to have been taken aboard with the mail sacks.

Release School Lands.

Washington, June 14.—Representative Hamer, of Idaho, has introduced a bill permitting Western states to make immediate selection of school lands in satisfaction of grants from the federal government inside forest reserves. He says that Idaho, which is entitled to 800,000 acres, has been unable to make its full selection because the remaining desirable lands are tied up in reserves, and a similar situation exists in other states.

AMBASSADOR JEAN JULES JUSSERAND.

Representative to the United States from France, who, with his wife, is making a tour of the Pacific Coast. They were extensively entertained at the A.-Y.-P. Exposition, this week.

LAKE WHERE TOWN STOOD

Great Body of Water Forming as Result of Roosevelt Slide.

Spokane, Wash., June 14.—Where the town of Roosevelt, Idaho, once stood, posterity will see a large lake, formed by the damming of Mule Creek at its confluence with Monumental Creek, the result of the destructive work of the massive slide of talc and earth, rock and timber that wiped out building sites and property on May 31. Between 15 and 20 feet of water covers the flat where the town once stood. Houses in the mining village are being floated near the hillside to clear the old channel of debris.

Indian Interests Merge.

Lewiston, Idaho, June 15.—Under the new plans of administering the affairs and education of the Indians on the government Indian reservations, the interests of the redmen are being rapidly merged with their white neighbors, and when patent to the Indian allotments is issued, it is expected the Indian allottee will be fully capable of transacting his own business.

THE MARKETS

Portland.
