

TARIFF BILL WINS BY SMALL MARGIN

HOUSE GIVES A MAJORITY OF 12 FOR THE REPORT.

20 REPUBLICANS OPPOSE

Payne Predicts Chaos if Bill is Defeated—Clark Says Revision is Really Upward.

Washington, D. C.—The House Saturday adopted the conference report on the tariff bill, 195 to 183. Twenty Republicans voted against the report and two Democrats for it. The entire Pacific Northwest delegation, except Poindexter, of Washington, voted for the bill.

Mann of Illinois, in a sensational speech said he would vote against the report unless the rates on pulp and print paper as reduced by the house were retained. He declared that Canada would take such action regarding pulp wood and print paper as to place an almost prohibitory price upon paper in this country.

Payne appealed to his Republican colleagues to stand by the bill, saying that if they wanted to drive their party into chaos they could vote against it. But he said it would be a delusion to vote against the bill upon the idea that the Dingley rates would be continued.

Payne estimated that the increase of revenue that would result from the enactment of the bill will be \$40,000,000 annually.

Average Rate Higher.

Champ Clark, the Democratic leader, said President Taft had been imposed on by being made to believe that the conference report was really a revision downward. Clark submitted a table showing that the average rate of the report is 1.73 per cent higher than the average rate of the Dingley law. If scores of new items in the report, but not in the Dingley law, were added, Clark said, the average increase would be at least 2 per cent.

Legislation was held up Monday by the hide and leather question, and the conferees were called together. Western Senators complained that the leather schedule, as arranged by the conferees with the approval of the President, is unfair to the states interested in protected hides. The Westerners say they had been led to believe that all boots and shoes of leather were to be dutiable at 10 per cent, and that all harness was to be dutiable at 20 per cent. When the conference report was read, it appeared that the reductions applied only to articles manufactured in chief part of the class of which hides were to be made free of duty.

All important opposition to the conference report on the tariff bill collapsed Tuesday when the senate by unanimous consent agreed to vote on that measure without prolonged debate.

Western senators opposed to the adoption of the conference report, on account of the hide and leather schedule, were mollified by an agreement to correct the alleged "joker" in the bill by a concurrent resolution to be acted on separately.

The change will make dutiable at 10 per cent "boots and shoes, the upper leather of which is made wholly or in chief value from the hides or skins of cattle, including calfskins." A similar change will be made in relation to harness, saddles and saddlery.

TAFT ALLOWED TRAVEL PAY

President Gets Money for Tour by Senate's Vote.

Washington, Aug. 3.—The senate passed the urgent deficiency appropriation bill, including \$25,000 for the President's traveling expenses, appropriations for executing the tariff's bill's provisions, reducing the salaries of five judges of the new customs court from \$10,000 to \$7,500 per year and reducing the salaries of other customs court officials.

Amendments appropriating \$6,000 each for the purchase and maintenance of automobiles for the vice-president and speaker of the house were allowed to pass without comment.

Idaho's Statute of Shoup at Capital.

Washington, Aug. 3.—Idaho is the fourth state west of the Mississippi to avail itself of the privilege of placing a statue of one of its distinguished citizens in Statuary Hall of the Capitol. The memory of Gov. L. Shoup, the last territorial governor, the first governor after the state was admitted, and also one of the first two United States senators, will be perpetuated in marble, his statue having just reached the capitol from Rome, Italy.

NATIONAL IRRIGATION CONGRESS.

MANY KILLED IN INTERUBAN CRASH

FOURTEEN DEAD, 102 INJURED AS CARS COLLIDE.

DOCTORS HURRY TO SCENE

Nearby Homes Are Converted into Temporary Hospitals for Care of the Injured.

Spokane, Wash., Aug. 2.—Twelve persons were killed and about 102 injured, some 60 of the latter sustaining only slight injuries, in a head-on trolley car collision Saturday afternoon, at Coldwell, on the Spokane and Coeur d'Alene branch of the Spokane & Idaho railway, 23 miles east of Spokane.

The heavily-laden passenger coaches were crushed and shattered. Men and women were thrown from their seats, some being hurled to the top of the coaches, while others were sent flying through the windows.

A special train of physicians was hurried from Spokane. Automobiles reached the scene from Coeur d'Alene and Spokane with other physicians and the Coeur d'Alene hospital is now filled with the injured. How many of the injured will recover is not known, but it is thought that a number were fatally hurt.

Uninjured passengers at once hurried to telephones to call aid. Residents of Coldwell and Coeur d'Alene hurriedly made emergency hospitals of their homes.

The first car of the train—the smoker—was so smashed that nothing but the trucks remained. It was crowded with men and scarcely one of them escaped alive or uninjured.

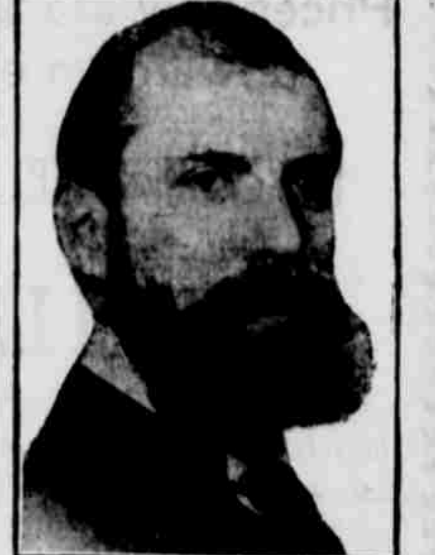

Motorman Campbell, of the wrecked train, who was badly mangled in the vestibule of his car, says he understood his orders were to meet the other train at a siding five miles from where the collision occurred.

The railroad company has accepted full legal responsibility and will ask that moral responsibility be fixed by a commission composed of prominent Washington and Idaho attorneys and newspaper and railroad men.

Miss Frances Golden died Monday morning, making the fourteenth victim of the wreck.

GOV. HUGHES AT EXPOSITION

Comes to Seattle to Be Present at Fair on New York Day. Seattle, Aug. 2.—Charles E. Hughes, governor of New York, participated in the celebration of New York day at the Exposition today. The New York building is a replica

CHARLES E. HUGHES.

of the home of William H. Seward, secretary of state under President Lincoln, and who negotiated the purchase of Alaska. The building contains guest rooms, where Gov. Hughes will be entertained during his stay in Seattle.

Sweden in Four of Social Revolt.

Stockholm, Aug. 4.—Not only has the strike of 100,000 workmen largely paralyzed industry and traffic, but it threatens to develop into a revolutionary movement under the leadership of the Young Socialist party and to involve every industry, thus making the paralysis complete. The king has summoned a special session of parliament and the entire army is kept ready for immediate action.

Smuggling Gang Broken Up.

Vancouver, B. C., Aug. 2.—In the arrest of Michael Morgan, the customs authorities believe that they have disrupted a gang of peddlers who have systematically smuggled dress goods across the line into British Columbia. The smuggling is alleged to have been carried on from Blaine, Wash.
