## New Tariff Must Provide Revenue Sufficient to Run Government

Washington.—When the gavel falls at noon on April 7 the ways and means committee of the house will be prepared to submit a complete system of revision and ask for its approval. Truth is that the men charged with directing the tariff fight have some misgivings about the bill to be presented and recognize that it may be subject to material amendment when it gets to the senate. In fact, the house leaders will be glad to have the senate assume part of the responsibility for the bill.

House leaders realize that they must do two things. They must make such revision as will be in keeping with their pledges to the people, and at the same time must provide for ample revenue to run the government. They have discovered already that they will need fully as much revenue as has been available during the past few years, for they find they cannot in any material way reduce the expenses of the government.

**Revision Must Produce Revenue**  
With a certainty that a certain amount of revenue must be available each year, tariff revision must be so shaped as to produce that revenue over and above what can be raised under the income tax. How much the income tax will produce will not be known, even approximately, until the tariff bill has passed both branches of congress and been approved by the president, for there is more difference of opinion about this feature of the new tariff bill than over any one other section.

The plan as finally passed upon is understood to provide for raising the income tax revenue on a graduated scale, exempting incomes under \$4000, beginning with a 1 per cent tax on incomes of \$4000 and running as high as 4 per cent on incomes of \$100,000 and upward.

It was said that the plan retains the provisions for free raw sugar and free raw cotton and the 15 per cent tax on raw wool. A fight is expected in both houses for a change to free raw wool.

**Suffragists Ready to Besiege Wilson**  
Siege is to be laid to the White House by the suffragists, it was announced at national headquarters, as a result of the refusal of President Wilson to include in his message to congress some reference to the suffrage cause. The president's declination was based on his belief that congress should take the first steps, and that he would not be justified in inaugurating such a sweeping reform through recommendations.

Representatives Kent, of California, Lenroot of Wisconsin and Anderson of Minnesota, progressive republicans, made a formal announcement that they would not join the house progressives in a new third party organization and would not vote for Representative Murdock for speaker.

**Indians to Get Interest**  
Secretary Lane has signed an order, effective July 1, 1913, providing that all Indian funds on deposit to the credit of superintendents of the various agencies over the United States that hitherto have not drawn interest shall be placed on an interest bearing basis at the rate that prevails in the localities where the money is deposited. Heretofore these funds have not drawn any interest.

It is estimated that these accounts approximate \$1,000,000.

**National Capital Brevities**  
The first formal dinner by President and Mrs. Wilson will be given April 16, in honor of members of the cabinet. Clay Tallman, an attorney of Tonopah, Nev., has been appointed legal adviser of the reclamation service by Secretary of the Interior Lane.

Secretary of War Garrison, Wednesday, ordered that 50,000 tents and 1,000,000 rations be rushed to Ohio from Philadelphia for the relief of the flood sufferers.

One of the best jobs at the disposal of the Wilson administration, that of chief forester, has been placed under the civil service. This position, now held by Prof. Henry S. Graves, a republican, appointed by Taft to succeed Gifford Pinchot, pays \$5000.

On the request of President Wilson, Secretary of War Garrison went to Ohio to personally survey conditions in the flood district. He was accompanied by General Wood. President Wilson was going himself, but later decided to send Garrison as his personal representative.

The special session of congress, it is predicted by democrats of the senate, will be a prolonged affair. It is assumed that President Wilson will ask consideration of the currency question, and other matters of pressing importance insofar as their discussion would not interfere with the right-of-way of tariff revision. Democratic Leader Underwood believes that the tariff will be disposed of in the house by May 1, and in both houses by July 11.
