The lower house of the Minnesota legislature is on record as favoring a minimum wage. The bill passed by a good majority. It is also likely of success in the senate.

The Illinois Central railroad company was sued for \$500,000 by the Southern Illinois Coal & Coke company at Chicago in the United States court. Loss of \$597,000 from failure of the railroad to provide cars to ship coal between August, 1909, and the present, is charged.

Sylvia Pankhurst, youthful militant suffragette, won her release from Holloway prison by a hunger strike. Authorities decided that further imprisonment would endanger her life.

Physicians are taking extreme caution with Pope Pius X. His heart is very weak, and the recent illness caused physicians to believe that failure of that organ will follow the slightest unusual exertion.

The German kaiser has abandoned the trip he usually takes to Corfu, in the Mediterranean, off the Greek coast, in the month of April, because word has come, through the Grecian government, that Turkish emissaries have gone to Corfu, and have sworn to blow up the kaiser's residence while he is there.

The long Illinois senatorial election deadlock in the legislature was broken with the election of James Hamilton Lewis, democrat, and L. Y. Sherman, republican. Sherman is elected for the short term. With the election of these two, the United States senate is now complete. The democratic strength is 51, against 43 republicans and two progressives.

THIS WINDOW DISPLAY SUGGESTS NEATNESS

A clever arrangement of paint cans and appropriate advertising material form the basis of an exceedingly attractive window in the McBratney-McNulty company store this week. A special feature of the display is a set of old weather beaten carriage spokes with half of the surfaces of the spokes treated to one coat of Acme Quality Carriage paint—each spoke showing a different color of the paint. The following statement is made on one of the display cards: "You can make your old buggy look new for a dollar by the use of this paint."

With this suggestion and the very small outlay necessary, we are sure that all of the shabby vehicles in this territory will immediately take on a new appearance.

Besides being good for all kinds of vehicles, attractive display signs illustrate in colors a great many other uses for this wonderful paint in and about the home. The display is a creditable one and well worth inspecting.—Pd. Adv.

EXPLAINS HOW COLLEGE FURNISHES GOOD EGGS

Because it is found that false impressions have been created in regard to the manner in which the Oregon Agricultural College poultry department furnishes eggs from tested laying stock, Prof. James Dryden has made the following statement:

"The experiment station poultry department does not charge \$1 for each egg, nor does it give eggs away for hatching purposes. Eggs are sold in limited numbers for hatching, not more than two sittings going to any one person, at \$1.50 a sitting.

"Requests come from all counties in the state, and from various other states as far off as Florida and Canada. High prices are often offered for the eggs, but until we can furnish the eggs to supply the demand in Oregon we do not care to send eggs or stock to other states

"The eggs are from stock that has been bred most of it for three generations from hens that have laid 200 eggs a year. We do not sell day old chicks. That would interfere with our breeding and other work."

Communication

To the Editor:

Will you please explain why the county officials do not use the cash on hand to pay off some of the county warrants and stop the interest charges? Subscriber.

The taking up of the county warrants is a matter that lies with the county treasurer and in case of his failure to attend to the matter then the County Court can issue the order. When the new set of officials took charge the first thing for them to do was to have the books of the county audited so they would know exactly how the county stood, what amounts were in the several funds and what monies available to reduce the outstanding warrants. The auditing has been completed and no doubt a call will soon be made for warrants. It is possible they may wait until the first half of the taxes are paid in and make one call to cover the funds then available.

Resolutions of Condolence

Hall of Beatrice Rebekah Lodge, No. 82, I. O. O. F., March 19, 1913, To the officers and members of Beatrice Rebekah Lodge No 82, I. O. O. F.

We, your committee, to whom was referred the drafting of resolutions on the death of Sister Carrie Arnold, beg to submit the following:

Whereas, death has again removed another link from the chain of Friendship, Love and Truth.

Resolved, That in recognition of her loss we acknowledge sovereignty of Him from whom we receive the gift of eternal life.

Resolved, That we extend our sympathy to the bereaved husband and children and commend them to the care and love of their Heavenly Father, who knows every grief, "notes even

the sparrow's fall" and will surely care for them in this dark hour.

Resolved, That our charter be draped in mourning, a copy spread upon the minutes and another sent to the husband of our deceased sister. "So let her sleep that dreamless sleep. Our sorrows clustering 'round her head.

Be comforted, ye loved, who weep, She lives with God, she is not dead." Submitted in F. L. T.
