MIMI CAPSIZES; 16 LIVES LOST

Vessel Turns Over When Pulled From Nehalem Spit on Oregon Coast

Wheeler, Or.—After hanging to a steel bar waist deep in water for 29 hours, part of which were in pitch darkness, Charles S. Fisher, of Portland, and Captain J. Westphal, of Germany, and two German sailor boys were rescued by lifesavers from the German bark Mimi, which capsized early Sunday, after being pulled off the sands of Nehalem sand spit.

Sixteen other persons were drowned. So far only two bodies have been recovered, one being that of a German boy and the other that of W. C. Koen, 1181 Kirby street, in Portland.

The four were the only ones saved from the crew and the list of workmen on the vessel, all others either having been swept from the deck when the accident first occurred or having been washed into the sea from the boat during the hours the terrific sea of Sunday morning dashed over the steel hull, which barely protruded above the water.

The boat is a total wreck and no attempt will ever be made to rescue her. In addition to being smashed almost to pieces she is lodged in a deep sand and has 900 tons of ballast in her hold. Tons of wooden parts of her have floated ashore. Lifesavers report that it would be impossible to move her and that she is too far gone to be of any use even if she could be raised.

Judge Upholds Right to Talk.
Paterson, N. J.—The right to exercise free speech in peaceful assembly was established here by Justice Min-turn, of the state supreme court, when he freed William D. Haywood and Adolph Lessig, labor leaders, sentenced to six months' imprisonment for their activities in connection with the strike of silk workers here.

Thousands of strikers gathered on the streets about the courtroom and cheered the decision of Justice Min-turn.

NEWS OF GENERAL INTEREST IN IDAHO

Important Occurrences Of The Past Week From Cities In Our State

Idaho Pastor Loses Coat, Hat, Sermon
Spokane.—Losing his Prince Albert coat, his sermons, all clean linen and other clothing, including his Sunday hat, was the experience of the Rev. F. E. Hudson of Denver, Col., who arrived in the city en route to Coeur d'Alene, to take up his new duties as pastor of the Baptist church there. He was on one of the Burlington trains which was in a head-on collision just east of Sheridan, Wyo., and had his sermon which he intended to preach as his first discourse to the congregation in his trunk.

MANIAC'S VICTIM MAY DIE
Mrs. H. T. Rood, Stricken Down at Granite, is in Spokane Hospital.

Spokane.—Hovering between life and death, her head terribly mangled and crushed as the result of an assault with an angle iron by A. Carlson on the railroad track near Granite, Idaho, Thursday, Mrs. H. T. Rood lies at St. Luke's hospital in a semi-conscious condition, the victim of a maniac who declares that he must kill a rabbit, a lion and a woman every time he meets one.

Carlson met Mrs. Rood on the railroad right of way and without warning or provocation seized her and began to beat her with the iron. Children playing near by ran for help, and the men they brought tied Carlson hand and foot, with no resistance on his part.

So fiendishly had Carlson worked before help was brought that Mrs. Rood had dropped unconscious to the track in a welter of blood. She was brought to Granite and attended by Dr. McKay and other local physicians, but failing to regain consciousness, was removed to St. Luke's hospital, where she was placed under the care of Dr. J. G. Matthews.

Dr. Matthews stated that she was suffering from concussion of the brain and possibly internal injuries, and that bones in the face and hands were broken.

Gift Check is Valid
Boise.—Although he repented of the act of writing a \$3000 check in favor of Mrs. Ross E. Coe, the woman who nursed him when he thought he was going to die, Phil McCran, a wealthy retired business man of this city, must make the obligation good. This is the edict of the supreme court of this state up to which he fought the suit instituted against him by the nurse to recover on the check on which he had ordered his bank to refuse payment.

Railroad Stocks Offered
Lewiston.—At a mass meeting Z. A. Johnson, president of the Nez Perce & Idaho Railroad, announced that he would give stock for all monies subscribed for the building of the connecting line of his road between Lewiston and Vollmer. One hundred thousand dollars has already been raised and right of way has been promised. Work to raise the remaining \$50,000 asked by Mr. Johnson will start at once and construction will begin by the end of the month.

RICH STRIKE ON WOOD RIVER
Report of Twelve-Foot Vein of High Grade Stuff Uncovered

Halley.—A rich strike is authentically reported from Rock creek in a mine called the Ivanhoe. This mine is only a few miles from Halley in the Camas Prairie direction.

Last week the miners cut into a vein carrying 12 feet of fine ore that will concentrate seven into one and be worth about \$80 to \$110 per ton of concentrates, the first-class ore shipped from the mine having yielded an average of 100 ounces in silver and 60 percent in lead per ton.

The Ivanhoe is owned by George Westlake, Al O'Neill and Pat Clark, all of Halley, and they have been prospecting it for three years.

Last winter they commenced a new tunnel almost parallel with the one already dug and found the vein much sooner than they expected to.

Sues City of Pocatello.

Pocatello.—The Strange-MacGuire Paving company, which last year put down 22 blocks of bitulitic paving in this city, has filed suit in the district court to compel the city treasurer to take up \$6000 in warrants issued to the company by the city. In all 16,000 in warrants were issued to the company and it is now claimed that \$6000 is available, but owing to a suit asking an injunction against the treasurer restraining him from paying these warrants on the ground that they are not a proper charge against the city, the money is held up.

The warrants represent the cost of paving street intersections.
