The Kroessin Harness company can save you money on the price of that harness you need.

Mr. Mears was here this week from Portland visiting with his son.

The address of Prof. D. C. Petrie, science teacher of the Ontario high school was very much appreciated by those present. He discussed how to lay out walks, flower beds, the best shrubbery for ornamental purposes, the right kind of shade trees and many other phases of the subject. He answered very readily many questions that were asked of him. One or two of those present offered suggestions also. The meeting was a very profitable one. The expectation is to have some stereoptican slides on Idaho scenery for the next meeting.—Roswell Correspondent.

There was a reception at the home of Judge and Mrs. L. G. King on Wednesday evening by the ladies of the Episcopal Guild for Mrs. Knight, missionary and deaconess of the church who has been here several days.

You will soon be thinking of taking up the carpets and rugs and will need a few hundred old papers to place under them to save the carpet and deaden the sound. The Argus has them tied up in bundles of 100 each which we sell for 25 cents.

## KNIGHTS OF COLUMBUS

Snake River Valley council, located at Ontario, will observe solemn initiation exercises next Sunday, April 13th, when about 25 candidates will be admitted into the order. The ceremonies will be conducted by the state deputy of Idaho, Jess B. Hawley and staff.

## A DEMAND FOR GOOD HORSES

The small farmers are all being urged to get cows and hogs and chickens and get all there is out of their farms. The advice is good, but there is another industry that should not be neglected. The demand for good horses seems as brisk as ever and the supply is limited. If you have a place to care for them, a few good mares will make you money.

Most any kind of a horse will bring \$125 and from that up to \$250 for big animals. What the colt would eat around the place would never be missed and in a short time he would bring a good sum. Over 300 horses were sold through the McWilliams stable this spring and there was a demand for more. The extra large horse is the one mostly desired, while the saddle ponies and drivers do not meet with as ready sale.

## To Roller Skaters

The managers wish to announce there will be skating at the pavillion rink from 3 to 5 p. m. for the benefit of children and new beginners. Special prices for children, 14 or under 15c, adults 25c. Two competent instructors. Admission free. Whitlatch and Akers.

## Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with  
Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with  
phosphate powder:

68 1/4 Per Cent. Digested

Bread made with  
alum powder:

67 1/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

Own your car—don't let it own you. A new Mr. Dooley rises to remark that there are only two kinds of cars—"the Fords and the can't affords." You'll want a Ford when the season is on. Then buy it today.
