NEWS OF GENERAL INTEREST IN IDAHO

Important Occurrences Of The Past Week From Cities In Our State

Idaho Pie Yet Uncut.

Washington.—Secretary Lane and the postoffice department are disinclined to make federal appointments in Idaho at this time, because the Democratic party of that state is split wide open and leaders of the two factions are unwilling to compromise on candidates and get together.

National Committeeman Elder is claiming the right to control patronage as the leader of the Wilson wing of the party, and State Chairman Gray, original Clark man, is claiming as much right to patronage as Elder. Both factions have made recommendations and each has preferred charges against the men recommended by the other faction.

BANK ROBBER GETS \$2,000

Forces Cashier to Enter Vault Where He Was Locked Several Hours

Priest River.—The Citizens' State bank was robbed by a lone bandit, who entered the bank by the front door, covering the cashier, Lee Berry, and taking nearly \$2000 in currency from the till.

Mr. Berry was busy at his desk opposite the cashier's window when the bandit entered. The man walked to the cage and drew his revolver, leveling it at Mr. Berry, and commanded "Hands up!"

The robber then took nearly \$2000 in currency and stuffed it into his coat pockets, directing Mr. Berry to get in the vault, where he was locked until liberated by a man who entered the bank and heard him rapping on the vault.

Burned Forest to Be Replanted

Wallace.—Ed Pulaski, chief ranger of the Coeur d'Alene forest, has announced that as soon as weather conditions will permit the replanting of approximately 700 acres of the area burned over in 1910 on Placer creek, near this city, will be commenced.

Coeur d'Alene Drive Big.

Coeur d'Alene.—According to lumbermen the largest log drive known to the Coeur d'Alene lake region is now on its way down the streams tributary to the lake. The drive, in the aggregate, will approximate 169,060,000 feet. The Coeur d'Alene river and its tributaries will contribute between 40,000,000 and 50,000,000 feet, the St. Maries river about 100,000,000 feet and the St. Joe river from 10,000,000 to 15,000,000 feet.

Most of this immense drive will be sawed at the mills in Coeur d'Alene. Lumbermen are optimistic as to prospects. They consider the market conditions unusually favorable and will operate their plants to capacity.

CONDUCTOR DIES IN WRECK

Clearwater Short Line Mixed From Lewiston to Stites Drops in Water

Lewiston.—Conductor Peter P. Poplnski was killed and six persons were injured when a mixed train on the Clearwater Short Line from Lewiston to Stites plunged over a 40-foot embankment, two miles east of Peck.

The passenger car, which jumped the track, is lying in six feet of water, and the body of Conductor Poplnski was pinioned beneath the wreckage.

The injured are: Brakeman R. G. James, Brakeman J. A. Bevins, N. L. Wakeley, traveling salesman for the Morrel Meat company of Omaha, with headquarters in Spokane; F. L. Holmes, traveling salesman for the Knight packing company of Portland, with headquarters in Spokane; H. L. Fine, a farmer at Peck; Mark Whitebull, a Nez Perce Indian who resides at Ahsahka.

All of the men are painfully injured, but their wounds are not of a serious character.

Summer School at Idaho June 16

University of Idaho, Moscow.—The second annual summer session of the University of Idaho will be held this year, beginning Monday, June 16, and closing July 25. The first annual session was held last summer and was such a success that the university authorities have decided to extend the scope of work for the second year.

Will Determine Chenea's Sanity

Lewiston.—Prosecuting Attorney Johnson said "In the case of Frank Chenea, acquitted on the charge of murdering Blanche Gordon by reason of insanity, the law will be followed. A jury will be called and witnesses who appeared in the case will again be summoned to testify before the jury. If the jury decides that insanity continues he can be confined in the insane asylum. If they find him at the present time to be sane he will be released." No date has yet been set for Chenea's hearing.

NEWS FROM OUR NATIONAL CAPITAL

President Forces Sugar Schedule Through House Caucus

Washington.—President Wilson scored his first tariff victory when the house democratic caucus, by a vote of 155 to 39, adopted the tentative sugar schedule, making that commodity free after three years of 1 per cent duty.

The vote was taken after Chairman of Ways and Means Committee Underwood had warned the house that the adoption of any of the many amendments placed before it would be a direct affront to the president, who had specifically asked the adoption of the sugar tariff schedule, and would seriously imperil the passage of the bill in the senate.

"The sugar schedule in this bill was not reported from the committee as I personally would have reported it," he said. "It represents, however, the wishes of the president."

The final adoption of the sugar schedule, which Underwood declared meant an ultimate saving to the consumer of \$115,000,000 yearly, followed a day of stormy debate.

Persistent efforts to put cattle and sheep on the free list, to cut the duty on swine and to otherwise alter the ways and means committee tariff revision bill were defeated in the Democratic caucus of the house.

The Democratic leadership fight for the bill as reported was piloted by Representative Francis Burton Harrison, of New York, in the absence of Representative Underwood, the majority leader, who is ill.

Senate Reserves Rights on Tariff

The attitude of the senate toward President Wilson's tariff plans, as embodied in the new house tariff bill, became fairly well defined after a meeting of the democratic members of the finance committee.

Briefly the senate committee will agree to the view of the president and house as to free wool and one cent sugar, with the "free sugar in three years" attachment, but it will exercise its right to amend other schedules and provisions of the tariff bill as it thinks best.

Wool Fight Becomes Critical

The fight against free wool has become more acute at both ends of the capitol, and several state delegations in the house are appealing to senators for support in the fight to retain some duty.

Stubborn opposition to the administration's wool program developed when 40 democratic congressmen from wool growing states met and decided to vote with republicans against the house wool schedule which bears President Wilson's stamp of approval.

Republicans Plan Tariff Contest

In a caucus the republican members of the house laid plans for a vigorous organized opposition to the Underwood tariff bill. The caucus ordered the preparation of amendments to the Underwood bill providing for a non-partisan tariff board and for provisions of the cotton and wool schedules of the tariff.

Republican members of the house ways and means committee were instructed to prepare amendments next Thursday.

Pure Clothing Wanted

Representative Murdock, progressive leader in the house, wants clothing manufacturers who mark goods "all wool" when they are not, fined and put in jail. He put in a bill proposing a series of labels ranging from "pure wool," to "mixed goods," which would hold manufacturers responsible for proper labeling of their goods.

The penalties range from \$500 to \$1000 fine and a year in prison.

House Progressives Assign Work

The progressive conference of the house parceled out the work of preparing the measures that will form a part of the progressive legislative plan. The house members will work in conjunction with the legislative committee of the national progressive party, of which Gifford Pinchot, Jane Addams, Dean Lewis, of Pennsylvania University, Walter Weyl and other prominent persons are members.

Ten legislative subjects were assigned to them, and they will form the basis for the legislative campaign of the progressives in the present congress.

National Capital Brevities

A bill to authorize national banks to lend money on real estate was introduced by Senator Nelson.

Plans for opening Alaskan resources to development as quickly as possible are being considered by President Wilson.

Primary elections for nomination of presidential and vice-presidential candidates is proposed in a bill by Senator Cummins.

The net earnings of corporations of the United States for the calendar year 1912 were \$3,006,000,000, and increase of \$250,000 over 1911. This amount will yield an income to the federal government under the corporation tax law of \$20,000,000.

HARRIMAN Townsite Now Open

Situated near the Malheur Lake, on a high, fine gentle sloping tract of land. This site offers exceptional opportunity for making a good city. Vast areas of arable territory spread out in all directions. Every valley and streamlet of the distant mountains has its ranches and flourishing livestock. Considerable land in the valley is still subject to homestead entry, and with the advent of the

Oregon-Eastern Railway

Now building toward Harney Valley this grand new empire will teem with land seekers and people seeking business opportunities and professional locations.

GET IN EARLY

Good opening for a newspaper, blacksmith shop, hotel drug store, hardware and implement houses, as well as other lines of business. A limited number of lots are now offered for sale at remarkably low prices, either for cash or on easy terms, which prices will advance when the railroad is built into the Harney Valley.

REMEMBER, Harriman will be the first important point in the great Harney Valley to have a railroad.
