JAPANESE COMMEND WILSON

Leaders in Tokio Advise People to Preserve Calm Attitude.

Tokio.—The Japanese press expressed a general appreciation of the efforts of President Wilson in behalf of a land bill in California that would not be objectionable to the Japanese. Leaders of public opinion in Japan are advising that an attitude of calmness be maintained in the present situation. Such men as Baron Shibusawa and Chairman Nakano, of the Tokio Chamber of commerce, publicly assert confidence that the American government and people alike are opposed to discriminatory measures of legislation. They declare that every effort now must be made to discover and eradicate the root of antagonism to the Japanese in California, that amicable relations may be restored.

Los Angeles Opens Municipal Markets

Los Angeles.—Fifteen thousand persons visited the opening of the three municipal markets. They bought everything in sight and would have bought five or ten times as much more produce had it been offered.

CHURCHES BRING SUIT

The Dalles Officials Are Made Defendants in Saloon Cases

The Dalles, Or.—Methodist, United Brethren, Baptist and Christian churches here are plaintiffs in proceedings, instituted in circuit court, against Mayor Fish and the city officials, the object of legal action being to prevent the city from issuing saloon licenses in the future, it being alleged that the council has no legal right to issue permits on account of a charter omission which was made when the state legislature re-enacted a section of the local charter in 1905.

In response to motion of attorneys for the plaintiffs, Judge Bradshaw set May 24 for hearing on the application for a temporary injunction, which would enjoin the council from issuing saloon licenses.

The legal action will not affect the liquor permits which are now in effect. They expire June 30.

POULTRY NOTES

WHITE LEGHORNS, WORLD CHAMPIONS.

up as follows: Leghorns, eight varieties; Minorcas, three; Polish, eight; Games, eight; Hamburg, six; Spanish, Blue Andalusians, Arcous, Houdans, Crevecoeurs, La Fleche, Redcaps, Sumatras, Silkies and Sultans.

Of these the Leghorns excel. The single comb white Leghorn, "the hen of destiny," is queen of white egg layers, the world's greatest layer, the business hen that holds sway on most of America's egg plants and the egg farmer's dependence to bring the long green. As to which breed lays the largest white egg, the Black Minorca and Houdan fanciers make the same claim, but we rather think the Minorca breeders are easy winners on this point.

Most of these white egg layers are not extra for market. Some lack in size and juiciness and are hard to fatten, while others have the white skin and pinkish flesh and black or slate blue legs that do not meet the American fad.

Now comes a New York rooster tinker and declares he has evolved a new

PRIZE WHITE SHELLS.

breed, which he calls "the White Egg American Fowl."

He claims this fowl has the laying ability of the Leghorn and the meat quality and size of the Plymouth Rock and Wyandotte.

If the originator can substantiate his claims his new breed will revolutionize the egg industry. We are satisfied to wait and see.

Eggs of this new creation now sell at 45 apiece, so buy early and avoid the rush.

DON'TS.

Don't think hotel garbage is fine poultry food because it's free gratis for nothing. Most of it is fermented, therefore poisonous.

Don't expect birds for the fall show to feather and plump up without special treatment.

Don't worry your gizzard about those pullets if they come from good stock and have been fed and kept right. The hen that's a layer, sayer and payer doesn't show off in a premature egg debut and then flake.
