Mrs. Howard Taggart is visiting with her cousins at the Mallet home.

Train service to Homedale will not start until June 15. No schedule has been announced.

## FRUITLAND ITEMS

The commencement exercises of the Fruitland high school class were held at the Methodist church Wednesday evening. The graduates were Edith Bloomstrom, Lester Branthoover, Henry Bloomstrom, Merle Hollenbeck, Clarence Ficken, May Meyer, Esther Russell, Waldø Homan, Ruth Whealdon and Edythe Wells. The music was furnished by the Glee club under the direction of Prof. T. R. Neilson. The diplomas were presented to the graduates by Mr. Hazeltine, the president of the board. No scholarships or honors of any kind were given and no admission was charged. Long before the hour set for the beginning of the program the church was filled and standing room was at a premium.

Wm. Melcher sold a bunch of hogs last week to Otto Albert, of Payette, receiving near \$900 for them.

Chas. Stevens' sister-in-law and niece, from Bellingham, Wash., arrived last Saturday for an extended visit.

\$100 reward will be paid for the recovery of a sorrel gelding, six years old, branded XPS on left shoulder E M on left hip, two white hind feet, white front feet, stripe in forehead Ewen M. Lennau, Shaniko, Ore.

## JUDGE GIVES MAYOR A JAIL SENTENCE

McMinnville, Ore.—Judge William Galloway, sitting in the circuit court here, sentenced Mayor W. T. Vinton, of McMinnville, to pay a fine of \$300 and to be imprisoned six months in the county jail, without bail, or until such time as he should see fit to obey order of the court. He was placed in jail by Sheriff Henderson, of Yamhill county.

Mayor Vinton's life in jail, however, was short, for he was released after experiencing three hours of cell life, to appear in habeas corpus proceedings at Salem.

This is the climax in the long-fought suits, which first originated in the form of an injunction suit instituted by a private citizen of McMinnville, enjoining the mayor and recorder signing the contract entered into by the city with a paving company. Immediately following the setting aside of the temporary injunction mandamus procedure was instituted by the State of Oregon, ex rel. A. C. Chandler versus William T. Vinton.

### MAYOR RUSHLIGHT LOSES

M. R. Albee is Elected First Mayor Under Commission Government.

Portland, Ore.—H. R. Albee was elected first mayor of Portland under the commission form of government, defeating Mr. Rushlight, present mayor, and his nearest opponent, by a substantial vote. In the best residence sections of the city Mr. Albee ran ahead of Mr. Rushlight as high as four to one.

Ideal weather failed to bring out as large a vote as hoped for, a total of about 45,000, or about 60 per cent of the registered vote being cast.

For commissioners, Ralph C. Clyde, W. L. Brewster, Robert G. Dieck, Will H. Daly and George L. Baker are leading and it is indicated that the four men who will serve with the new mayor will be chosen from these five. In all probability first, second and third choice votes will have to be counted to determine the result.

### MANY NEW LAWS IN EFFECT

More Power Given Governor as Result of Legislative Acts.

Salem, Ore.—All the laws passed at the recent session of the legislature, except those having emergency clauses or those to be referred to the people, became operative Tuesday.

Chief among the new measures are those relating to highways, irrigation, wages of women and children, pensions for mothers, fixing number of hours of workmen in factories, mills, etc., giving the governor more power to enforce laws locally, revising fish and game laws, appropriation for Pacific-Panama exposition, regulation of brokers, regulation of pawnbrokers, uniform system of accounting in state and counties, teachers of Portland on civil service basis, pensions for Portland police, abolishing district fairs and creating county fairs.

## JOHN DEERE SPREADER

The Spreader with the Beater on the Axle

The Simplest Spreader Made

Entirely New .. Nothing Else Like It

THE JOHN DEERE SPREADER—The Spreader with the Beater on the Axle—is as much of an improvement in spreader manufacturing as the self-binder was over the old reaper. It is made along entirely new and different lines from the ordinary spreader.

The first manure spreader ever made was built in 1873 by the Kemp & Burpee Manufacturing Company. Up to the time of the John Deere Spreader every spreader has been made along the same general lines as this first machine. Power was taken from one end of the main axle and transmitted, either through chains or gears, to the beater, mounted above and in the rear of the axle. Heretofore the only improvement in manure spreaders since the first one was made in 1873 has been in the refinement of details.

The John Deere Spreader is a radical departure from the old method of construction. It is made along entirely new lines and is a great improvement over the old style spreader. Come in and examine the machine and you will readily see why the John Deere Spreader is so far superior to any spreader heretofore constructed.

Even if You Don't Need a New Spreader Now come in and get one of our spreader books. They contain a number of articles on why farm manure should be used on the land, how it should be applied, how it should be stored, the value and effect of using it in various ways. In addition there is a detail description of the John Deere Spreader with illustrations in colors of this spreader working in the field.
