NEWS OF GENERAL INTEREST IN IDAHO

Important Occurrences Of The Past Week From Cities In Our State.

Seek Way to Make N. P. Pay Tax
Orofino.—A non-partisan mass meeting was held at Odd Fellows' hall to discuss ways and means to subject the scrip and Northern Pacific grant lands of this state to taxation.

From speeches made by county officials and prominent citizens the fact was developed that of a total of approximately 122,437 acres of land owned and controlled by the Northern Pacific railway company in Clearwater county but 12,855 acres have ever been submitted for taxation. There is no doubt of the attitude of Clearwater county regarding these matters.

Appropriate resolutions were passed and it was unanimously decided to call a convention of delegates from all the counties of the state, particularly those of the northern part, to meet in Coeur d'Alene city July 30.

BANKERS ENTERTAINED

Mastery Addresses Delivered on Second Day of Weiser Meeting
Weiser.—Covering a wide range of topics, a number of splendid papers were read at the annual convention of the Idaho Bankers' association and J. W. Robinson of Boise, secretary of the organization, declared many of those who have attended conventions of the American Bankers' association, assert that the program was fully as interesting from the bankers' standpoint as any that has ever been heard at a national gathering.

W. D. Vincent, cashier of the Old National bank of Spokane made an excellent address on "Bank Advertising," showing the distinction which exists between this class of publicity and that obtained by the merchants, since the merchants' object through advertising is to induce people to spend, while the highest aim of the banks is to persuade them to save.

Other addresses showing careful thought and of great interest to the large number in attendance were those of William B. Davidson of Boise on "The Product of the Soil as a Basis of Credit," Lydell Baker of Portland on "Landmarks of Financial America," J. D. Cosgriff of Salt Lake on "Troublesome Problems in Banking." The latter was a mastery paper and one of the best ever heard in Idaho.

Charge Forgery to Deary Man
Deary.—Watching a neighbor's mail box to secure possession of a letter coming from the Eau Claire National bank at Eau Claire, Wis., and later forging the name of this neighbor to the draft for \$999.50, are the crimes charged in a warrant issued by the probate judge at Moscow against Lester L. Smith, son of E. W. Smith, a rancher, living 10 miles south of Deary and for which Mr. Smith is being sought by the United States postal authorities, the American Bankers' association and the local authorities.

"DRY" COUNTY GOES "WET"
Lincoln Votes to Have Liquor by Only 28 Counts

Boise.—Complete returns from the Lincoln county local option election show that the county left the "dry" column and became "wet" by a majority of 28 votes. The "drys" carried a majority of the precincts, but the heavy majority given in Shoshone precinct alone of 127 sent the county into the "wet" column.

The fight waged in Shoshone county has been a bitter one. For four years the county has been "dry" under the local option law. The recent division of the county by the legislature, leaving old Lincoln county with several of the heavy "wet" precincts, made it comparatively easy for the saloons to be voted in again.

The "drys" carried North Shoshone precinct by one vote, Marley by six, Richfield by 21, Dietrich by 70, Grand View by 5, Oakes by 15, Falls City by 10, or a total of six precincts in which the total majority was 128. The "wets" carried Shoshone precinct by 127, Hadlock by six and Jerome by 23, making a total majority of 156.

Horse Thief Eludes Pursuers
Bliss.—Sheriff of Gooding county has had several deputies out on the trail of the horsethief who stole a horse and saddle from the Great Shoshone Land & Water company's barn at Bliss. The sheriff got his men out and trailed the man through the lava desert east of Bliss to the north Gooding tract. He headed north and reached the foothills, evading the sheriff of Lincoln county, who went out from Shoshone in an automobile with a posse.

The owner of the horse and saddle offers \$25 for the recovery of his property, and a further reward of \$100 is offered for the conviction of the guilty party.
