NEWS FROM OUR NATIONAL CAPITAL

Resignation of Ambassador to Mexico is Accepted by President Wilson.

Washington—President Wilson took the first step in the policy through which he proposes to deal with the Mexican situation when he formally accepted the resignation of Ambassador Henry Lane Wilson, to take effect October 14, and sent to Mexico as his personal representative—but not accredited to the Huerta government—ex-Governor John Lind, of Minnesota, a life-long friend of Secretary Bryan. The understanding is that when a stable government is established in Mexico Mr. Lind will be named as ambassador.

It is said the president is observing with keen interest the efforts of leading Mexicans to bring about peace and will offer no suggestions until these apparently prove futile. That Mr. Lind will be empowered to explain to all inquirers the unalterable opposition of the American government to the recognition of the Huerta administration is said to be a factor which may assist the situation.

Protectorate for Nicaragua Dropped

Secretary Bryan's plan for an American protectorate over Nicaragua, providing for American supervision of Nicaragua's finances, independent and foreign relations, have been shelved for the time being.

Apparently with the knowledge of the administration, the senate foreign relations committee passed a resolution asking the secretary of state to submit a new Nicaraguan treaty, omitting the protectorate policy. The compact at the request of the senate committee is to be limited strictly to the original negotiations with Nicaragua by which the United States was to pay \$3,000,000 for an exclusive canal right across the country, a naval base site on the Bay of Roncesca, and a lease to the Corn Islands in the Caribbean Sea.

Opponents of the proposed protectorate had made it clear that it would be impossible to secure ratification of the Nicaraguan treaty in the present congress if the so-called protectorate amendment were included in it. This sentiment is understood to have induced Secretary Bryan to consent to its withdrawal.

Federal Cash to Help Move Crops

Twenty-five to fifty million dollars of government funds will be deposited in the national banks of the south and west at once by Secretary McAdoo to facilitate the movement of crops. Federal, state and municipal bonds and prime commercial paper will be accepted as security for the money, on which the banks will pay 2 per cent interest.

The motive of Secretary McAdoo in announcing this policy is to anticipate the money stringency in the late summer and fall, which invariably accompanies the marketing and movement of crops, especially when they are unusually large, as the harvest now beginning forecasts.

Representative bankers of 59 large cities in the agricultural regions of the south, middle west and Pacific coast were invited by Secretary McAdoo to come to Washington to confer with the treasury department regarding the distribution of government funds to be deposited in the national banks to facilitate the marketing and movement of the crops.

Among the 59 cities invited to be represented are Los Angeles, San Francisco, Portland, Or., Seattle, and Spokane, Wash.

National Capital Brevities

The house resolution calling for an investigation of the attorney general's action in postponing the Diggs-Cammitt white slave case was tabled by a vote of 93 to 57.

Chairman Flood, of the house foreign affairs committee, admitted that it was by direct request of the president that Ambassador Wilson did not appear before his committee.

The democratic members of the house banking and currency committee have planned to settle all difficulties over the currency measure at a party caucus to be held August 11.

Senator La Follette has informed the senate that only 56 replies have been received to the 2500 sets of questions mailed to manufacturers throughout the country, in which they were asked to furnish information as to the probable effect upon their industries of democratic tariff revision.

The lobby committee completed the examination of Martin M. Mulhall, ex-lobbyist for the National Association of Manufacturers, and the grilling of that individual will be transferred early to the house.

Reductions in express rates which will cost the companies fully \$26,000,000 a year, approximately 14 per cent of their gross revenue, were ordered by the interstate commerce commission to become effective on October 15, 1913. Notable reforms in practices also were ordered.

NEWS OF GENERAL INTEREST IN IDAHO

Important Occurrences Of The Past Week From Cities In Our State

Jail Insanitary, Prisoner is Free

Moscow.—George Gudger who pleaded guilty to gambling at Bovill recent as the result of a raid made by the county officials and who was sentenced to jail by Probate Judge Mergreide to serve a \$200 fine was granted his freedom on a writ of habeas corpus by District Judge Steele. The principal reasons for freeing Gudger were that he is declared to be suffering from tuberculosis and the Latah county jail has been condemned as insanitary.

When Gudger was taken to the county jail at Lewiston the officials of Nez Perce county refused him admission because of his disease. These facts were presented to Judge Steele.

Form Rifle Club in Sandpoint.

Sandpoint.—Captain C. B. Lentz, formerly of the New York state militia and a Spanish war veteran, S. W. Foster and several others of this city are much interested in the project of forming a rifle club to affiliate with the National Rifle club. Signers have been secured to the number of nearly forty to an application for membership. Arrangements have been made for the use of the national guard range. The city, as the result of a raid made by the militia at cost and encourages such clubs in every way possible.

Bullet Just Misses Man

Coeur d'Alene.—While City Clerk O. W. Edmonds was at work at his typewriter in his office a 22 caliber bullet crashed through a plate glass window, passing within a foot of Mr. Edmonds' head. Where the shot came from is unknown. Mr. Edmonds is also police judge. The flattened bullet landed on the floor a short distance from where Mr. Edmonds sat.

Collects Taxes on the Spot

Moscow.—Under the provisions of the new revenue law for Idaho, which is in effect for the first time this year, County Assessor Theodore E. Martinson has started assessing property in Latah county and collecting the taxes on same as fast as he makes an assessment.

JOINT PROJECT PROPOSED

Oregon and Idaho Should Improve Snake River, Lewis Suggests.

Boise.—State Engineer J. H. Lewis, of Oregon, has made a proposal to the state of Idaho, through Governor John M. Haines, for Idaho and Oregon, with the assistance of the federal government, to work co-operatively to secure information on which to base legislation that will result in the development of power to lift water to high lands along the Snake River for irrigation purposes, and at the same time form locks to make the river navigable both east and west from Huntington. In his proposal to Governor Haines Engineer Lewis says in part:

"In Snake river between Huntington and Lewiston there is a fall of about 1300 feet. With the construction of dams to utilize this fall approximately 800,000 horsepower can be developed. By constructing balanced piston type, or incline cable locks, this portion of the stream could perhaps be made navigable. If this project could be intelligently promoted by the two states most interested and co-operation of the United States secured, the whole scheme might be successfully carried to completion."

Sandpoint Needs G. N. Aid

Sandpoint.—The state demonstration farm near here seems an assured fact. Dr. W. L. Carlyle, acting president of the University of Idaho, is advertising for bids for the rough clearing of land donated by T. J. Humbird. There is just one hitch in the proceedings, and that is the fact that the Great Northern has not yet announced whether it will donate the \$1000 asked for. This sum is absolutely essential to the establishing of the farm and if not obtained from the Great Northern must be secured elsewhere.

Shoshone Wife Seeks Freedom

Wallace.—Seized by the arm and violently thrown against the walls of the house and the china closet in the dining room, called vile names, and compelled to stand by and see her husband severely whip and strike her children, are some of the indignities suffered at the hands of her husband by Lola Scott, according to allegations in her suit in the district court against her husband, John Burnie Scott, for an absolute divorce.

Offers Business Course

Caldwell.—The board of directors of the College of Idaho has recently added to the advantages of that institution by arranging for the establishment of the practical business course to be known as the school of commerce of the College of Idaho.

HARRIMAN

Townsite Now Open

Situated near the Malheur Lake, on a high, fine gentle sloping tract of land. This site offers exceptional opportunity for making a good city. Vast areas of arable territory spread out in all directions. Every valley and streamlet of the distant mountains has its ranches and flourishing livestock. Considerable land in the valley is still subject to homestead entry, and with the advent of the

Oregon-Eastern Railway

Now building toward Harney Valley, this grand new empire will teem with land seekers and people seeking business opportunities and professional locations.

GET IN EARLY

Good opening for a newspaper, blacksmith shop, hotel drug store, hardware and implement houses, as well as other lines of business. A limited number of lots are now offered for sale at remarkably low prices, either for cash or on easy terms, which prices will advance when the railroad is built into the Harney Valley.

REMEMBER, Harriman will be the first important point in the great Harney Valley to have a railroad.
