CHEAP ECONOMY

Is the Poorest Kind of Economy.

When buying a heater do not be influenced merely by the price. Ask yourself a few questions: Is the stove heavily made? How long will the castings last? Is the stove economical in fuel? Is it fair-tight? Or is it leaky?

BUY A

HOWARD

NEWS FROM OUR NATIONAL CAPITAL

Senate Banking Committee Is Likely to Report Four-Bank Plan.

Washington, D. C.—When the senate banking and currency committee ended its first week of deliberations it appeared certain that the bill to be reported to the senate would contain certain provisions for a four regional reserve, government controlled bank system, the \$100,000,000 stock of which will be offered to the public.

With progress on the fundamentals of the senate measure just begun, only the framework of the Glass-Owen measure has been retained. The most radical change in the administration measure has been the complete removal of the regional reserve banks from bank control. Briefly, the following were the provisions of the measure, which it was believed would govern its final drafting.

Four regional reserve banks with a total capitalization of \$100,000,000, divided according to the financial location of the center from which the banks will operate.

Absolute control of the banks by the government and regional reserve boards, to be appointed by the president.

The regional reserve bank stock to bear either 5 or 6 per cent interest and to be sold to the public by subscription, the balance, if any, to be taken up by the member banks. This stock will have no voting power, and will not share in the surplus. That will accrue to the government.

Co-operation With States Proposed.

If congress, at the regular session, will authorize an additional loan of \$100,000,000 to the reclamation fund, in accordance with the recommendation to be submitted by Secretary Lane, the interior department will undertake, in co-operation with the several states, to redeem those Carey act projects which have proven failures, and which threaten, without some such aid, to entail heavy loss on settlers who have undertaken to establish homes under their canals.

The plan of the interior department is to have the federal government join with the states in completing Carey act projects which have fallen into disrepute through failure of contractors or from other cause.

Members Lose Mileage.

Senators and representatives will be obliged to forego the mileage bill at the coming regular session of congress, much as they may dislike to do so. The fact that the special session is to run into the regular session without substantial break makes it impracticable for congress to pass the mileage appropriations this winter, and if any attempt is made to put such a bill through it will be killed by public opinion.

Senators and members have received mileage for the special session.

Mail Efficiency Is Aim.

Postmaster General Burleson has decided to standardize the entire postal service, so far as possible, with a view to greater efficiency. To this end the department will operate several model offices, "dynamos from which to charge the entire system of offices throughout the country." These offices will be used to discover the best practical way of administering the postal facilities and to test out devices and methods that may prove of value.

National Capital Brevities.

The secretary of war is urged to modify the examination required for students desiring to enter West Point. The plea is made that 60 per cent of the applicants fail. A government preparatory school is suggested as one remedy.

The constitution limiting the membership of the house of representatives to 450 has been commenced by Representative Cardell Hull of Tennessee, author of the income tax provision of the Underwood tariff bill.

In transportation of stocks, bonds and other securities, the interstate commerce commission held that a carrier is responsible, in case of loss, for the market value of the securities only and not the par value.

By direction of President Wilson, Commissioner of Internal Revenue Osborne instructed collectors throughout the country that the recent action of congress in removing deputy collectors from the protection of the civil service did not mean a return to the spoils system and was taken only for efficiency.

Preparations have been begun for the wedding of Miss Jessie Wilson, daughter of the president, and Francis B. Sayre. Though the White House is reticent as to details, it is given out that the date certainly will be November 25 and that the ceremony will take place in the White House, where it is said the bride will have for her attendants her two sisters, Margaret and Eleanor.
