

HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

Frank Fields Acquitted.
Portland.—Frank S. Fields, ex county clerk of Multnomah county, was acquitted by a jury in the circuit court of a charge of larceny of public funds. His attorneys defended him on the grounds that the money was lost through the failure on December 16, 1911, of the American Bank & Trust Company, in which part of the county funds were deposited.

Judge Says Election Will Not Hold.
Roseburg.—Judge Hamilton, in the circuit court, has declared void an election held in school district No. 5, October 13, at which \$3000 was voted for the purpose of building a new school house. The court held that October 13 was Columbus day and therefore a legal holiday, and that an election is a quasi-judicial function and not merely an administrative one.
