PLAN FOR DAIRY MEETINGS NEXT MONTH

Noted Speakers Will be Present--Dairying Will Make Rich Section

Arrangements are being made to hold dairy meetings in Nyssa and Ontario some time next month. A number of noted talkers will be present and give addresses.

The State Dairy and Food Inspector from Portland, Prof. Graves from Corvallis and others from Idaho will be present.

One man will tell how he is making money with twenty-one cows on twenty acres.

During 1913 there were several hundred cows brought into this section and it is expected that many more will be brought in during 1914, as the feed is here for them and the farmers are getting started in the hog business, which is a side line to dairying. Cows and hogs are going to make this the richest section of the west.

LOCKETT BROTHERS APPEAL TO THE SUPREME COURT

The Lockett brothers, convicted of cattle stealing after a sensational trial in the Baker county courts, will appeal to the Supreme Court of Oregon, according to Attorney Levens, who obtained today from Circuit Judge Anderson an extension until March 1 to file a transcript and a bill of exceptions in the case.

Hick and Marshall Lockett were convicted of stealing 56 head of cattle in Baker county from John Thomsen and of driving them into Malheur county where they were apprehended. One of the contentions of the defense was that the cattle, if stolen, had not been stolen in Baker county but in Malheur county, but this was overruled by the court and this is one of the grounds on which the appeal is being taken.—Baker Herald.

STANDARD OIL COMPANY WILL CONSTRUCT STORAGE TANK

The Standard Oil company has arranged for the construction of a large thirty-foot tank, a stable and shed on their ground here. This will increase their storage facilities here very much and enable them to handle the trade to much better advantage.

HARD WORK, LOW PAY FOR UNEMPLOYED

Salem, Or.—That the I. W. W. of Portland who plan making the capital of the state their Mecca will find rough sledding in Salem was indicated when the state board of control decided that with the exception of possibly 30 or 40 men, the best that could be done would be jobs for a part of them pulling stumps on state property for three good meals a day and a small wage.

It became evident the charge that many of the men do not want work and will not work, was well founded. Governor West without consulting the other members of the board of control put 40 of the men to work at various state institutions.

Ten who were sent to the Feeble-Minded Institute, partook of a good dinner, announced that the proffered accommodations were not satisfactory and marched back to the city. Others sent to the state fairgrounds took little interest in the work, and evidently were glad when the day's labor was finished.

MASKED MEN OUST WOMAN

Bitter Feud Starts Over Homestead Contest and Home Burned.

Aberdeen, Wash.—Driven from her homestead 12 miles from here by a masked band of 16 men, Mrs. Margaret M. Ross, well-known democratic politician, sent an appeal to Governor Lister for protection.

According to the account told by Mrs. Ross, the 16 men, all masked and armed, forced their way into the house, removed her and her two sons and after setting fire to the place drove them 12 miles and ordered them not to return under penalty of death. The trouble began some time ago, when Mrs. Ross' right to the claim was denied. Her two sons were then accused of assaulting a neighbor. They were tried and convicted on an assault charge, but succeeded in getting a new trial. A bitter feud in the neighborhood resulted.

Suffrage Plans Are Nation-Wide.

Washington.—Plans for a vigorous nation-wide campaign to produce a constitutional amendment giving suffrage to women were outlined by the congressional union for woman suffrage. The program includes a schedule of "demonstrations" that will, according to the suffrage leaders, "awaken the country as never before to a realization of the issue."

WEST DEFIES LEGAL ACTION

Bring Saloonmen to Salem if Necessary, Orders Governor.

Salem, Or.—Learning that lawyers for the saloonkeepers and city officials of Copperfield might attempt legal action, Governor West telegraphed Colonel Lawson not to pay any attention to any papers served upon him, and to bring the saloonmen to Salem if he could get no assurance of co-operation in the enforcement of the laws.

That the governor intends to punish those who disobeyed his orders was proved when he telegraphed Circuit Judge Anderson to hear charges against the sheriff of Baker county.

OREGON BOOSTER TO BE HERE SATURDAY

And Will Deliver a Lecture Saturday Afternoon at Dreamland Theatre

Tom Richardson who did more than any one else to place Portland on the map of the nation, will be in Ontario Saturday and deliver an address in the Dreamland in the afternoon at which time he hopes to meet most of the ladies and children of this section.

Mr. Richardson will be at Nyssa Friday afternoon and at Vale in the evening, coming to Ontario Saturday morning. There is an effort being made to have the people who visit the San Francisco fair stop over in Oregon and visit the different sections and we believe the talk will be along those lines.

The address will be an interesting one and it will pay you well to be out and hear it.

Here Friday Night--Ontario Boys Make Good Record Play Vale Friday.

Ontario high school lost the fastest basket ball game played here this season to Weiser Friday night, 16 to 20. The Ontario boys played a plucky game against odds of weight and experience. They are giving a good exhibition for the amount of practice they have had and show improvement with every game.

Coach Petrie's team scored as the result of hard, spirited playing. Weiser showed a little more team work occasionally, usually scoring from a rapid succession of passes from the center. At the end of the first half Ontario was ahead 8 to 6.

A house full of enthusiastic rooters watched the game.

The line-up was as follows: ONTARIO Blackaby rf Weiser Brockman Strane, Test lf Waters Maddux c * Locey Myers rg Hubbard Gramse lg Smith Officials, Prater and Bender.

THAW IS DECLARED SANE BY COMMISSION

Concord, N. H.—The release of Harry Kendall Thaw under bail would not be a public menace, according to the report of the commission appointed by Federal Judge Aldrich to inquire into the state of Thaw's mentality. The commissioners found that Thaw was not afflicted with any of the mental diseases from which he was held to be suffering at the time he killed Stanford White.

While the commissioners say they have reached "a definite and positive opinion as to the present mental condition of Thaw and his probable state of mind at the time of the homicide," they refrain from expressing this opinion, in view of their instructions from the court not to embarrass any subsequent litigation where the broad question of insanity might be involved.

The report will be considered by Judge Aldrich in connection with the petition of Thaw for admission to bail under habeas corpus proceedings.

JAMIESON MERCHANT VISITS IN ONTARIO

Eight Hundred Acres of Young Orchard Planted In That Section

A. B. Cos, who is in the store at Jamieson, was a visitor to Ontario Tuesday and did some good boosting for his section.

They have 800 acres of three-year old orchard there and expect to get some fruit this year. It is mostly apples, but occasionally there is a spot of family orchard and in another is forty acres of pines.

The growers are finding out how little water is required beyond the rainfall to grow trees. Last season the trees were wet twice. At present there is a covering of twenty inches of snow over the orchards and the ground will be well saturated in the spring and little extra water will be required to carry the trees through.

The Willow Wood stock farm, of which H. B. Creel is manager, has about 1200 hogs on hand. They have shipped several cars this season.
