HERE IS THE CHANCE OF YOUR LIFE

if you want to locate near a town that has a very bright future I have 70 acres of the very choicest land, has a nice slope to the east, a first-class water right; 30 acres in alfalfa, rest has been in grain. Not having it all paid for it leaves me unable to take care of that much land. I will sell anywhere from 5 to 70 acres. My price ranges from \$150 per acre up. About half cash; good terms on rest at 8 per cent interest. Land exactly the same adjoining has been selling at \$200 to \$300 per acre, so here is your chance if you want a good tract of land; 2 miles from Ontario, Ore. near Malheur Junction, where car shops and round house will no doubt be built in the near future.
