

BRIEF NEWS OF OREGON

From March 1 to May 1 is a closed season for net fishing on the Columbia river.

State Bank Superintendent Sargent has issued a certificate to the First National Bank of Umatilla to do business.

A new armory is to be built by Multnomah county for the Oregon national guard.

Astoria's rainfall last month amounted to 6.95 inches. The total was 3.71 inches less than that of the record of the same month in previous years.

State Treasurer Kay has received \$10,000 from the treasurer of Baker county, which is the first to make a payment this year on the first half of taxes.

East side lines of the Southern Pacific announce a five hour train service between Springfield and Portland. The exact date for beginning the improved service has not been given out.

The Lake county court has appropriated \$2500 for use in reducing the grade at Millican hill, on the McKenzie Pass road. The forestry department will furnish \$2000.

State Senator J. N. Burgess of Pendleton sold 25,000 pounds of wool at 13 cents a pound, an advance of 1 cent over the price received last year. This is the first sale of the season reported from that section.

The Tillamook Bay Construction company has been awarded the contract for the construction of the first unit of Bay City's proposed municipal dock, for \$4500. Work will be commenced at once.

A plan is on foot to divide Lane county. Glenda, Mapleton and Florence citizens have named delegates to plan a program. One reason for the desired change is the impassable condition of some of the roads, it is said.

Banks of Medford are offering to take all warrants issued in Jackson county, at par. The work of bolstering up the credit of the county has been going on for some time, and with excellent results.

Irvine Acheson won the prohibition oratorical contest of Albany College and will represent Albany in the intercollegiate prohibition oratorical contest of Oregon next month. Acheson spoke on "The Lesson From the Past and the Present."

Attorney-General Crawford, in an opinion written at the request of T. J. Thrift, assessor of Coos county, holds that uncultivated land of the same character and quality of contiguous cultivated land should be assessed at the same value for taxation.

Evangelist Bulgin called on Governor West to send troops to "clean up" Pendleton. He asserts that grafters are active with the saloon and gambling interests, and that the city attorney refuses to act on evidence that has been furnished him.

A new treatment for tuberculosis is being tried by Dr. D. M. Brown and his associates, says a report from Ashland. Fish, preferably the salmon, are subject to hypodermic injections of iodine, thus iodizing the blood of the fish, from which the serum is formed.

Mrs. Anna Rebecca Stewart, a pioneer of three different states and a resident of Albany continuously for almost half a century, celebrated her 93d birthday at her home in Albany. She was a resident of Illinois, Iowa and Oregon in the pioneer days of each state.

Twenty acres of land on the foothills overlooking South Portland and valued at \$100,000, has just been donated to the state of Oregon as a campus for the medical department of the University of Oregon by the Oregon Washington Railroad & Navigation company.

T. E. McMeans, for the past two years agent at Copperfield, the second of Governor West's recent clean-up, following a permit by the state railroad commission to close the station, has left town. The depot is boarded up, the equipment is gone, and Copperfield is now only a flag station.

Giving as his slogan, "Government ownership of public monopolies. Oregon resources for Oregon laws for the people," Representative Lafferty, of the Third Congressional District, has filed his declaration as a candidate for the republican nomination for re-election with Secretary of State Olcott.

The state board of control was notified by Superintendent Steiner, of the state insane asylum, that Peter Jones Holmes, poet and playwright, formerly of Rickreall, had filed suit in Portland for \$25,000 damages for illegal incarceration in the asylum against her former husband, M. A. Holmes, J. R. Teal, county judge of Polk county, and Dr. B. H. McCallon and himself.

The Lebanon City Council has passed an ordinance making it a misdemeanor for any minor to smoke a cigarette, or use tobacco in any form in Lebanon. The punishment for the first offense is a reprimand from the municipal judge, and the second is a fine of from \$2 to \$10. The city health officer has volunteered to treat any habitual cigarette deer with the silver nitrate remedy.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardul.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardul as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardul, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardul acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardul.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for special instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

RESIDENCE ON EAST SIDE HAS EARLY MORNING FIRE

There was a blaze discovered in the roof of the house of Jess Bain, on the east side of the track, early Monday morning and an alarm sent in, but neighbors formed a bucket brigade and had it out before the department reached the place. A man on the outside discovered it and aroused the sleeping occupants. The loss was light.

MANY BELIEVED DEAD IN ST. LOUIS BLAZE

St. Louis.—That from 30 to 35 guests of the Missouri Athletic club perished in the flames that destroyed the building is the belief of officers of the club. First estimates placed the number of dead at 100.

Seven bodies have been recovered and from 23 to 29 occupants of the structure still are unaccounted for.

Thirty-eight guests on the fifth floor were awakened by Mr. and Mrs. Robert Magill, who refused to leave the building until they had given the alarm to all within reach. Mr. Magill was house manager of the club. Mrs. Magill was seriously burned.

The Missouri Athletic Club was in the heart of the retail business district of St. Louis. It was one block west of the terminal of the Eads bridge across the Mississippi River and a half block from Broadway, one of the busiest streets of the city.

Muncie, Indiana, Votes Dry. Muncie, Ind.—Muncie decided against saloons by a majority of 462 votes in the local option election.

Notice

Whereas, there are numerous reports that the dogs of Baker and Huntington and other nearby towns are afflicted with rabies, and

Whereas, there are reports that said affliction is spreading into Malheur county, and

Whereas, there is at this time great danger that the dogs of Ontario and vicinity may become afflicted with the rabies and the peace and health of the community thereby dangerously affected,

Now Therefore, be it Resolved that on and after March 9, 1914, all dogs in the city of Ontario be required to wear muzzles until such time as the council shall hereafter change or modify this resolution.

And be it Further Resolved, that the marshal of the city of Ontario be and is hereby authorized and instructed to take up and destroy all dogs not wearing muzzles and running at large in the city of Ontario on and after March 9, 1914, while this resolution is in force.

By order of A. W. Trow, Mayor.
Attest: Harry B. Grauel,
City Recorder.
