

NEWS OF GENERAL INTEREST IN IDAHO

Important Occurrences Of The Past Week From Cities In Our State

Idaho Roads Proposed.
Weiser.—With the return of Miles Cannon from Boise, where he attended the meeting of the state highway commission, comes the announcement that surveys for two main trunk roads through this county are to be made at once. Engineer French, with a corps of men, leaves at once to begin the work.
One survey will be made for the main trunk road which is to be a link in the national highway from the Canyon county line to Olds Ferry; the other is for the proposed north-and-south road across the state, from Weiser to New Meadows.

"Sapatkine" Will Be Held.
Lewiston.—Instead of calling the annual exhibition of products this autumn a "fair," directors of the Lewiston Exposition company have decided to designate it the Lewiston-Clarkston "Sapatkine." Sapatkine in the language of the Nez Perce Indians means "an exhibition of interest." Arrangements are under way for a program on the day following the annual rose carnival in June.

Payette Company Wins Shoot.
Payette.—Company I of the Idaho national guard defeated Company F, of Lewiston, winning first place in the state rifle shoot. Only five more shoots are to be held between companies and Payette practically has first place. The local company is under the direction of Captain R. L. Shaw and First Lieutenant A. E. White.

To Canada For a Forger.
Halley.—Sheriff Clements left for Calgary to bring back W. W. Kent, held by the authorities there. He is wanted here for forging warrants of school district No. 2, where he was clerk.

WILL PUT CHECK ON WASTE

By-Products Committee of Fruit Congress Busy.
Payette.—The by-products committee appointed by the Fruit Products Congress at Spokane November 22, 1913, is engaged in southern Idaho gathering information pertaining to its work.

The committee is seeking complete information regarding the fruit industry in Oregon, Idaho, Washington and Montana, its utilization and waste.

The committee plans to investigate the processes in use, to seek possible improvements. The information will be put in tabulated form for the benefit of the northwest fruit and vegetable growers to stop the waste of products, amounting to about 20 per cent or more of the amount grown. It is the desire of the Fruit Products congress to materially reduce this loss by suitable by-products plants located in well-settled districts.

The possibilities of the work is demonstrated by successful by-product plants operated privately throughout the northwest. These are mostly prune and apple driers, vegetable and berry canneries and vinegar factories.

Ship Many Elks.
Pocatello.—Two cars of young elk, embracing about 75 head, were unloaded here and fed. They constitute part of the shipment of yearlings from the Jackson's hole country to points in Colorado and Wyoming, and the little fellows have been getting along in fine condition. Two more cars are to be loaded at Victor and will be sent out within a few days.

Prepare to List County's Timber.
Coeur d'Alene.—The Kootenai county commissioners have ordered a cruise to be made of all timber within the borders of the county. Timber-holding companies are being asked to cooperate in the work and estimates of all individual holdings will be received before the field work is begun. It is anticipated that the cruise will cost \$8000.

Want Farmer Legislators.
Cambridge.—At a meeting of the farmers' unions of Washington and Adams counties the following resolution was adopted:
"Resolved, That it is the sense of the farmers' unions of Washington and Adams counties that we call on the farmers of Idaho to refuse to vote for any one for governor, state representative or state senator except he be a farmer."

Building Being Restored.
Payette.—The Y. M. C. A. building, which was partially destroyed by fire January 26, causing a loss of nearly \$20,000, is being rebuilt.

Panda are being raised by public subscription and already the citizens of this city have pledged over \$7500.

GOVERNOR LISTER SEES BENEFITS

Heartily in Favor of "Alfalfa Week" in Public Schools of Washington.

WILL BE A GREAT BENEFIT

State Educational Department Will Cooperate to Make March 9th to 13th "Alfalfa Week" in All Public Schools of Washington — State Granges and Farmers' Unions Join Movement.

To the Holden Improvement Committee, Spokane, Washington:
"I am heartily in favor of the campaign being inaugurated by you in the interest of more intensive and better farming methods in the northwest. I feel that the idea of having a special week for the public schools during which this line shall be made a leading feature, is a good one. As a result of such a week, not only the pupils of the public schools, but also the parents of the pupils would, without doubt, receive great benefit.
"Wishing you every success in the undertaking I have the honor to be,
"Yours very truly,
"ERNEST LISTER,
"Governor."

WILL DISTRIBUTE EDUCATIONAL BOOKLETS

Interesting Literature to Be Sent Out by the I. H. C. Extension Department—Books Dealing With Many Phases of Agriculture and Other Subjects.

The following booklets are published for distribution by the agricultural extension department of the I. H. C., Harvester Building, Chicago.

No. 1—The Story of Bread—An interesting story of the world-old struggle for cheap bread. Single copy, 3 cents; in quantities, 2 cents per copy.

No. 2—Creeds of Great Business Men—A series of sketches of men who have helped to make business what it is today. Single copy, 5 cents; in quantities, 3 cents.

No. 3—The Golden Stream—A plain, everyday textbook on the many phases of dairying. Single copy, 5 cents; in quantities, 2 cents.

No. 4—For Better Crops—A collection of valuable articles on farm subjects. Single copy, 6 cents; in quantities, 3 cents.

No. 5—The Story of Twine—This traces briefly the manufacture of twine. Single copy, 3 cents; in quantities, 2 cents.

No. 6—Engine Operator's Guide—Tells all about how to operate, repair and keep in good condition a gasoline engine. Single copy, 3 cents; in quantities, 2 cents.

No. 7—The Disk Harrow—Shows the part disk plays in crop production. Single copy, 4 cents; in quantities, 2 cents.

No. 14—Seed Corn. Single copy, 3 cents; in quantities, 2 cents.

No. 15—Studies in Alfalfa. Single copy, 4 cents; in quantities, 3 cents.

No. 16—Alfalfa Sermon. Single copy, 2 cents; in quantities, 1 cent.

No. 17—For More and Better Corn in the Northwest. Single copy, 2 cents; in quantities, 1 cent.

No. 18—For More and Hardier Alfalfa in the Northwest. Single copy, 2 cents; in quantities, 1 cent.

No. 19—Poultry Book. Single copy, 2 cents; in quantities, 1 cent.

"The Rag Doll," for testing Seed Corn. Cloth, single copy, 10 cents; 75 cents per dozen.

"The Rag Doll," for testing Seed Corn. Paper, 5 cents per dozen. Plans and Specifications for Farm Buildings, 5 cents per plan.

WOOL GROWERS WILL HELP.

National Wool Growers' Association Pass Resolution and Offer Support to the Fullest Extent.

Whereas, The campaign of education for "more alfalfa on the farms" which has been carried on for the past several months in the west and northwest by the Holden Alfalfa Committee, has been of great value to our country and that a "follow-up" campaign is now about to be launched by which the original work may be made of permanent value.
Wherefore, Be It Resolved, By this National Wool Growers' Association in convention assembled, that we support this work to the fullest

PRESENTS HOME RULE PLAN

Premier's Proposal Would Exclude Ulster Counties From Trial.
London.—The British government's plan for the cancellation of the Unionists of Ulster in connection with the Irish home rule bill was laid before the house of commons. It met with a cool reception from the Unionists.

The terms of Premier Asquith's offer were that a poll should be taken of the parliamentary electors of each county of Ulster to decide whether they should be excluded from the operation of the bill for a period of six years from the first meeting of the new Irish Parliament. This would undoubtedly result in the exclusion from Irish home rule of the counties of Antrim, Armagh, Londonderry and Down.

Grape Growers Fight.
Stockton, Cal.—Declaring that if the proposed constitutional amendment making California a prohibition state carries, the viticultural industry of San Joaquin Valley and elsewhere will be ruined the grapegrowers of this county have organized to combat the movement.

T. R. Again Grandfather.
New York.—Mrs. Richard Derby, daughter of Colonel and Mrs. Theodore Roosevelt, gave birth to an eight pound boy here.

Clergyman Is Set Free.
Tacoma, Wash.—After two hours of questioning by Judge Easterday, in the superior court, Rev. W. M. Jennings, of Mount Vernon, Wash., was ordered released from the Western Washington Insane Asylum on habeas corpus proceedings. Seven other ministers of Mount Vernon brought the action, alleging that the man had been railroaded to the asylum as the result of a factional church fight.

FARMERS' UNION CO-OPERATES

President L. C. Crow Endorses the Plan and Will Assist in Carrying on the Work.

In the recent campaign for "Alfalfa on Every Farm," it was my pleasure to co-operate. Several days were spent with the crew on that work lurch of the territory covered by the chain has been seen since that time. My observations lead to the conclusion that an immense amount of good was accomplished along the line of an intensified interest in the principles and practice of a diversified system of farming. The Farmers' Union, a well established organization, welcomes any movement having such a purpose. The Holden Improvement committee was organized to follow-up and emphasize the work already accomplished.

A GREAT MOVEMENT

Farmers' Educational and Co-Operative Union of America Department of Oregon and Southern Idaho Will Help.

What J. H. Brown says:
No one acquainted with farming conditions in the Pacific northwest can fail to appreciate the value of the movement the Holden Improvement committee has inaugurated.

It is obvious that our crop methods of farming do not contribute to the financial, social or intellectual upbuilding of a community. The man who depends upon a single production for his living and income will more often be disappointed in his annual return than otherwise and the continuous following of the one crop idea seems to disqualify him to understand the broader and more useful, more independent and more remunerative methods of diversified farming.

Close Your Door on the Thief, Carelessness

CURRENCY in the pocket DEPRECIATES. In the bank it EXPANDS. A person with a \$100 check in his pocket likely will go all day without cashing it. With a similar amount of currency there is a tendency to SPEND A LITTLE. The check remains intact. So it is with a bank account. A person likes to KEEP IT INTACT.
