As a rule local advertisements are to be depended upon; if you answer them you have the opportunity to see the goods and decide upon merit and cost. Our plan is to ask for a little of your time, given to looking over our variety stock; if you see anything you want, all right, if you don't, all right. Prices are always right. The Variety Store.

The total registration for the state will be about 200,000 only about 40,000 more than in 1912. This indicates a great lack of interest by the voters, about one-third not registering. Is it that we are having too many elections and that the election laws have too much red tape? It is always the conservative voter who stays away and it is judgment of his kind that we need to keep things on a level keel. Elections should be so simplified that they will not be a burden on the voters.

Mr. J. Edwin Johnson, of Drewsey, Oregon, has filed with State Engineer Lewis an application for permit to develop 3000 horsepower with the waters of the middle fork of Malheur river. The plant is to be located a short distance above Drewsey, and the point at which the water is to be diverted from the stream is in section 21 township 18 south, range 34 east. It is estimated that the plant will cost \$300,000. The water will be carried from the point of diversion to the plant a distance of five and one-eighth miles, by a canal.

H. T. HUSTED IS LAID TO REST

The funeral of Holden T. Husted was held last Friday from the Congregational church Rev. Koeing preaching the sermon. The interment was in the city cemetery with the Knights of Pythias in charge, nearly one hundred of them being in line.

Mr. Husted was a pioneer resident of this section, coming here with the first settlers, seeing the city grow from a village to a prosperous city. He was always in the front rank of these working for the upbuilding of the community and occupied many positions of trust with credit to himself and honor to the city.

For over a year he suffered with Bright's disease, knowing it was but a question of time with him but he did not complain.

Mr. Husted was born near Grand Rapids, Mich., Sept. 30, 1865. He moved with his parents to Wisconsin when but two years of age and when only five years of age the family moved to Lincoln, Neb. where he grew to manhood. He came to Ontario in 1887, when 26 years of age and for the past 27 years has been a continuous resident of this city. He was the third mayor and second postmaster of Ontario. He was also a member of the city council. The deceased was a prominent Knight of Pythias, being a past chancellor and past grand representative of the local lodge. He was also a member of the endowment rank and his children will receive \$1000 from the grand lodge.

He was united in marriage Jan. 6, 1893, to Miss Isabelle J. McGregor, oldest daughter of Mr. and Mrs. A. H. McGregor, the ceremony being performed by Judge C. H. Brown. This union was blessed by four children, one of which died in infancy. Mrs. Husted died Aug. 15, 1905. The three children who survive their parents are Miss Edith A. Husted, age 20; Joy H. Husted, age 16, and Viola E. Husted, age 12. The children have the heartfelt sympathy of all in their sad bereavement.

GUS C. MOSER
Republican Primaries, May 15

He Voted Against The New Tax Law and Stands for Reduction of Taxes Payable Semi-Annually Without Penalty.

Economy, Efficiency--Dignified Law Enforcement.

I was born and reared upon a farm in Buffalo County, Wis.; educated myself by my own efforts, and have practiced law in Portland since June, 1894. Have always taken an active part in public affairs, and have held several official positions.

I stand by my record as State senator at the last session of the legislature. I worked and voted against the new tax law, and favor a law making taxes payable semi-annually without penalty.

Only five of the laws passed at that session were referred to the people by referendum petitions; four of these the people approved by overwhelming majorities, and I voted for them; the fifth was almost as badly defeated, and I had voted against it in the legislature.

I worked and voted for Senator Malarkey's minimum wage bill for women, providing for an impartial commission to fix the maximum hours of labor and the minimum amount of pay.

I favor a similar law providing for an impartial commission without compensation, to fix the maximum hours of labor for men in the various industrial occupations; this in preference to a flat eight hour law.

I favor good roads legislation with state aid, so that we may have cheaper transportation from the farms and producers in every direction.

I favor the reduction of taxes by consolidation of various commissions, or the abolishment thereof, and placing their duties into the hands of the State Board, and by the reduction of the expenses of conducting the various departments of the state.

I favor suitable appropriations for our State Educational institutions and the continued improvement of our great bulwark—the public school system.

And above all I favor the vigorous and efficient enforcement of all the criminal statutes, including those regulating and prohibiting the sale of intoxicating liquors, and this I shall do with firmness and impartiality. The rich, the poor, the great, the humble, the capitalist, the laborer, the churchman and the liquor dealer shall be measured by the same standard and each shall answer for his own acts.
